

We are looking to recruit an experienced, passionate and highly capable Pastoral Lead for Churchcentral South. Most importantly, the role requires a deep passion for pastoring others in a way that points them to Jesus.

The appointed person will help to form and then head up our Pastoral Care team, ensuring that those needing support in our church are loved and cared for, at varying levels of need. This will require pastoral wisdom and expertise, as well as leadership skills to be able to both lead through others and to oversee and develop others in their calling and gifting.

The role will also involve overseeing our Community Groups, enabling the everyday pastoral needs of the whole church to be well met. Additionally the appointed person will take a lead in shaping short term groups and courses providing life-stage related support for marriage, parenting, and more where required.

Churchcentral South is a lively, evangelical, charismatic church in Birmingham. We have an international vision and highly value the diversity of those attending. We place a high priority on Bible-centred ministry, together with a commitment to give space for the Holy Spirit to work in our meetings. Churchcentral South has planted three further churches across Birmingham and we work together as part of the larger Churchcentral Trust. We are part of the Catalyst network of churches, which has its roots in the Newfrontiers family.

How to Apply

Please complete our application form by 11pm on Friday 2nd May:

[Employment Application Form](#)

Interview Date: 6th June 2025
