Definition	Peace: Harmonious relations, Freedom from disputes. Harmony/Order.
Prayer Tools	<ol style="list-style-type: none"> 1. First to have peace there must be freedom from our own sin and inner conflict. We have all sinned and need His shed blood to pay the price for our sin and bring us a clean heart, therefore we must confess our sinful nature and give it to Christ. 2. Let us purpose to be peace makers within our own home and with our co-workers and neighbors. Recognizing that peace begins as an attitude within us but reaches out to find ways to bring peace to those around us. Recognizing that peace may be a messy process as we learn to honor and prefer one another not as compromise but seeing through eyes of faith. 3. Use spiritual weapons of warfare and not our own sense of wanting our way, but rather God's way.
