

**THOUGHTS AND REFELCTIONS....Contemplate each scripture in light of the question as you ponder what God wants to say to you....**

1 Timothy 4:14 – “do not neglect the gift...”

- Think back to the time you first understood you were called of God. What do you perceive as the gift God placed in you?

2 Timothy 1:6 – “...stir up the gift...”

- What do you see as your role in keeping the spirit of God alive and active in your life?

1. In light of your role as pastor, setting the table with the gospel of Christ, can you sense God inviting you to come and join others at the feast?

- Can you list 3 instances where you have preached, as you look back, that you believe God is speaking to you as much as He was speaking to the church?
- What was the great truth that He wanted you to carry with you, for you...not as the pastor but as His child?

2. What might you see as important disciplines to help maintain your personal walk with God and keep the flame alive?

3. What would you encourage a new/younger pastor to remember as he/she pursues their call?

**Remember pastor, we are praying for and standing with you!**
