

Pastor to Pastor Video Series

Introduction Worksheet

Our Focus from Scripture:

“Then I will give you shepherds after my own heart, who will lead you with knowledge and understanding.” Jeremiah 3:15

The purpose of the series is to encourage, resource and develop the ministers of the Appalachian Conference. The goal is that the videos will come out periodically throughout the year of 2026.

The presenters will be ministry peers from across the Conference sharing about a wide variety of subjects that will focus on helping our ministers.

These short videos will end with a means where the viewer can continue to a one-page worksheet. The goal is to continue to interact with the information and learn from it. The viewer is also invited to interact with the presenter if they would like further help on the topic.

If you would like to suggest topics or need further explanation, please contact Bishop Larry Meadors at Lmeadors@appconf.org

Thank you for being part of the Appalachian Conference family!
