Partnering with Nazarenes in the Philippines

Children in the Philippines need help to have a safe place to live, food to eat, and caring adults to help them heal from homelessness and neglect. Many of these children are experiencing trauma, and need professional teachers and counselors to help them thrive again. The Washington Pacific District (WAPAC) of the Church of the Nazarene has a goal of collecting \$14,000 dollars over the next two years to send to the **Shechem Children's Home** in Manila. At this home the children will have the truth of Jesus taught to them. They will be loved, clothed, fed, and given hope for a better future.

*Mark 9:36 "...Taking the child in His arms. He (Jesus) said to them.
"Whoever welcomes one of these little children in My Name welcomes Me."*

New Bedroom Furniture for the Children

Every child finds peace and rest in clean and proper bedroom furniture.

Kitchen Renovation: New paint & New Appliances

Having a clean kitchen to prepare nutritious food is essential to a child's healing.

Play Equipment

Children are at their best when they play. New play equipment will be climbing toys, elastic swings, dolls and more.

Sensory Room

Because of the history of many of these children there will be a sensory room created for them to help them deal with trauma and behaviour.
