

CLASS PERIOD	TIME	TUESDAY	
		CLASSROOM 1	CLASSROOM 2
Period 1	8:45 - 9:30	<u>Kindergarten Early Phonics (reading/writing/phonics)</u> Teacher: Mrs. Jessica Description: We will be using exciting theme lessons to combine phonics, reading, listening and comprehension. Phonics patterns are also taught using word families. Phonics characters make phonics generalizations fun and memorable. We will work on CVC (consonant/vowel/consonant) patterns to encourage sight reading. Curriculum: BJU Focus on Fives along with TpT resources Homework: There will be take home work to be complete each week, about 20 minutes per day depending on student. Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$60 one time yearly fee for materials, paid at registration.	<u>1st Grade Art Class:</u> Teacher: Mrs. Lyndie Description: In this class we will study the basic elements of art such as shape, color, and texture as well as introduce students to famous artists and their works. Students will create something with each lesson using many different mediums. Curriculum: A culmination of Artists Books Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$80 one time yearly fee for materials, paid at registration.
Period 2	9:40 - 10:25	<u>1st Grade Math</u> Teacher: Mrs. Jen Description: Addition and subtraction, skip counting, geometric shapes, telling time, ten frames expanded and they will be introduced to the manipulative block system (hands on, tangible experience to learn math). Curriculum: Math U See Alpha and BJU Math grade 1 Homework: There will be take home work to be complete each week, about 10 minutes per day depending on student. Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$60 one time yearly fee for materials, paid at registration.	<u>Kindergarten Art Class:</u> Teacher: Mrs. Lyndie Description: In this class we will study the basic elements of art such as shape, color, and texture as well as introduce students to famous artists and their works. Students will create something with each lesson using many different mediums. Curriculum: A culmination of Artists Books Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$80 one time yearly fee for materials, paid at registration.
Period 3	10:35 - 11:20	<u>4th / 5th Grade Bible</u> Teacher: Mrs. Katterin Description: This class will studying the understanding of the New Testament as the culmination of God's big story of Creation, Fall, and Redemption. Additionally, it teaches students the essentials of Bible study and interpretation through teacher modeling with questions and answers. As they develop an understanding of the main themes that run throughout God's redemption plan-glory, kingdom, covenants, divine presence, law and wisdom, and atonement and priesthood-they are confronted with their need for Christ. Curriculum: BJU Bible 4/5 and The Gospel Project for Kids Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$60 one time yearly fee for materials, paid at registration.	<u>2nd & 3rd Grade Art Class:</u> Teacher: Mrs. Lyndie Description: In this class we will study the basic elements of art such as shape, color, and texture as well as introduce students to famous artists and their works. We will study artists of all types and their styles. Students will create something with each lesson using many different mediums. Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$80 one time yearly fee for materials, paid at registration.
Period 4	11:30 - 12:15	<u>2nd / 3rd Grade Bible:</u> Teacher: Mrs. Katterin Description: Bible Truths is a colorful hands-on opportunity for students to solidify comprehension and understanding of Bible truths and application. Students will learn about having an obedient, humble, serving, courageous, and forgiving heart through biblical examples from both the Old and New Testaments. As they study Christian character, they'll also learn to read maps, utilize logic, and have fun making paper crafts. Curriculum: BJU Bible 2/3 and The Gospel Project for Kids Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$60 one time yearly fee for materials, paid at registration.	<u>4th/5th Grade Art Class:</u> Teacher: Mrs. Lyndie Description: In this class we will study the basic elements of art such as shape, color, and texture as well as introduce students to famous artists and their works. We will study artists of all types and their styles. From abstract to the renaissance, modern and pop art we will cover a little bit of everything. Students will create something with each lesson using many different mediums. Curriculum: A culmination of Artists Books Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$80 one time yearly fee for materials, paid at registration.
Period 5	12:25 - 1:10	<u>4th Grade Math</u> Teacher: Mrs. Jen Description: Division is presented as the inverse of multiplication. Single-digit division facts are learned and the concepts of division and place value are applied when solving long division problems. Recognizing and generating equivalent fractions: Understanding addition, subtraction, multiplication, and division of fractions and mixed numbers. Curriculum: Math U See Delta & Epsilon & BJU 4 Homework: There will be take home work to be complete each week, about 20 minutes per day depending on student. Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$60 one time yearly fee for materials, paid at registration.	<u>High School World Geography</u> Teacher: Ms. Kerry Description: Students will study the how's and why's of a country's boundaries both physical and political. They will learn how these boundaries affect populations, cultures, and government. Major landforms will be studies and the impact of these geological boundaries on a country. This class is suitable for upper middle school and high school. The study of cartography will be of primary focus assisting students in understanding current events around the world. Curriculum: Abeka World Geography, Memoria Press World Geography Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$60 one time yearly fee for materials, paid at registration.
Period 6	1:20 - 2:05	<u>High School Language & Composition</u> Teacher: Ms. Kerry Description: Logical and rhetorical analysis of various forms of writing-including speeches-will be the focus of this class. Students will not only study how writers strategically infuse rhetorical devices in his/her writing, but will learn the art of persuasion using these same devices. They will learn to identify logical fallacies and learn to argue a solid point-of-view. In addition, students will write and present their own speeches in various modes and become better public speakers. This class is best suited for high school students follows the outline of AP Language. Curriculum: Cross Examine Logic Curriculum, and IEW Rhetoric Through Writing Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$60 one time yearly fee for materials, paid at registration.	<u>6th/7th/8th Grade Art Class:</u> Teacher: Mrs. Lyndie Description: In this class we will study the basic elements of art such as shape, color, and texture as well as introduce students to famous artists and their works. We will study artists of all types and their styles. From abstract to the renaissance, modern and pop art we will cover a little bit of everything. Students will create something with each lesson using many different mediums. Curriculum: A culmination of Artists Books Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$80 one time yearly fee for materials, paid at registration.
Period 7	2:15 - 3:00	<u>6th/7th/8th Bible:</u> Teacher: Pastor Tyler Description: We will be focusing on growing in our knowledge of the Old Testament using the Bible project overview videos. Each week we will memory a verse from the Old Testament, watch a short overview video of the book of the week and review what we learned with discussion questions. Curriculum: Bible Project Homework: Students will be working on Scripture Memory each week Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$60 one time yearly fee for materials, paid at registration.	<u>9th - 12th Grade Life Skills:</u> Teacher: Mrs. Lyndie & Guest Hosts Description: Life Skills will be a culmination to help ready high schoolers for adulthood by building crucial life skills such as cooking, basic finance, gardening and sewing. We desire to equip students with consumer issues, nutrition and food preparation, as well as textiles. We will learn things from baking with sourdough, preparing a Thanksgiving meal on their own, working with gardens and plants for food source, basic finance (could become more advanced) and biblical hospitality. Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$80 one time yearly fee for materials, paid at registration. Required: This class will have some projects that will require purchasing of items personal to each student. (example: sewing patterns etc)

CLASS PERIOD	TIME	WEDNESDAY	
		CLASSROOM 1	CLASSROOM 2
Period 1	8:45 - 9:30	5th Grade Math Teacher: Mrs. Jen Description: This class extends the student's concept of place value to the right of the decimal point. Students learn to complete core operations with decimals. The connection between fractions and decimals is presented. Fractions are presented in an intuitive way with visual explanations of equivalent fractions, common denominators, and fractions and numbers larger than one. Curriculum: Math U See Epsilon & Zeta, BJU Math 5 Homework: There will be take home work to be complete each week, about 20 minutes per day depending on student. Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$60 one time yearly fee for materials, paid at registration.	3rd Grade Earth Science Teacher: Mrs. Addie Description: Students learn where our world came from and how it has changed. They learn to defend the truth that God created all things and how to answer why people are important. Units cover physical, earth-space, and life sciences Curriculum: BJU Science 3 Homework: There will be take home work to be complete each week, about 10 minutes per day depending on student. Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$80 one time yearly fee for materials, paid at registration. Required: BJU Press Science Student Edition (5th Edition) ISBN-13: 9781628568646 Can be purchased here: https://www.christianbook.com/press-science-grade-3-student-edition/9781628568646/pd/568648?event=CPQF
Period 2	9:40 - 10:25	3rd Grade Math Teacher: Mrs. Jen Description: This class will use strategies based on place value and properties of operations to multiply, solving for an unknown factor, measuring and computing area, relating concepts of area to addition and multiplication. Additionally we will use skip counting as a precursor to multiplication by teaching skip counting songs, adding and subtracting time in hours and minutes, multiplying/adding/subtracting U.S. currency and standard units of measure, recording/interpreting data, understanding of basic fractions and estimating and solving measurement problems Curriculum: Math U See Gamma and BJU Math 3 Homework: There will be take home work to be complete each week, about 10 minutes per day depending on student. Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$60 one time yearly fee for materials, paid at registration.	4th / 5th Grade History: Teacher: Mrs. Katterin Description: Bring to life our history from the founding of America to World War II from a biblical perspective. Topics are presented from a biblical perspective and include the invention and influence of the automobile and airplane, World War I, the Roaring Twenties, the Great Depression, World War II, the Vietnam War, struggles over civil rights, the war on terror, Afghanistan and Iraq wars, and immigration decisions. Curriculum: BJU History 4 & 5 Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$60 one time yearly fee for materials, paid at registration. Required: https://www.christianbook.com/press-heritage-studies-grade-4-student/9781646260867/pd/627044?event=ESRCG
Period 3	10:35 - 11:20	3rd Grade History: Teacher: Mrs. Katterin Description: Students will explore how other regions and worldviews differ from their own! We will learn about government, geography, climate, economics, culture, and religion all around the world. Curriculum: BJU Heritage 2 & 3 Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$60 one time yearly fee for materials, paid at registration. Required: TBD	4th / 5th Grade Geography Teacher: Mrs. Addie Description: In the Geography and Cultures class students will explore the world God created through God-honoring books, encountering people and places across the globe. Students will gain knowledge of God's people and his world through study of maps, landmarks, and cultures. We will make crafts specific to certain countries as well as sample regional cuisines throughout the year. Each week, worksheets will be sent home that coincide with the textbooks for your student to complete. Curriculum: Elementary Geography & Cultures Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$60 one time yearly fee for materials, paid at registration.
Period 4	11:30 - 12:15	6th / 7th Grade Math Teacher: Mrs. Jen Description: This class extends the student's concept of place value to the right of the decimal point. Students learn to complete core operations with decimals. The connection between fractions and decimals is presented. We will extend our skill into pre-algebra and the connection of algebraic equations. Curriculum: Math U See Zeta and Pre-Algebra. BJU Math Homework: There will be take home work to be complete each week, about 20 minutes per day depending on student. Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$60 one time yearly fee for materials, paid at registration.	4th / 5th Grade Exploring Early Chemistry Science Teacher: Mrs. Kim Description: reveals the incredible intricacies of cells and organisms, matter and energy, astronomy, heredity, the nervous system, and the immune system. This elementary science educational materials includes exciting, but manageable science experiments and science projects. Curriculum: Apologia Exploring Chemistry Homework: Will vary week to week based on projects and class experiments Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$80 one time yearly fee for materials, paid at registration.
Period 5	12:25 - 1:10	High School Government & Civics Teacher: Ms. Kerry Description: Students will study the major founding documents of the United States and analyze how these ideas have shaped this country and the world. Students will look at contemporary world problems- through current events-and how our Constitutional laws affect outcomes. With this being an election year, the electoral process will be studied as well as campaign "propaganda". This class is suited for upper middle school and high school. The goal is for a student leaving the class as an informed citizen knowing how to protect our God-given inalienable rights as Americans and part of the Ecclesia. Curriculum: BJU Government and Civics, Hillsdale College US Government, iCivics Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$60 one time yearly fee for materials, paid at registration.	6th / 7th Grade Machine & Motion Science Teacher: Mrs. Kim Description: Students will discover God's design and uncover the intricacies of physical science through lessons on machines & motion, heat & energy, and inventions & technology. Curriculum: Masterbooks God's Design for Physical Science Homework: Will vary week to week based on projects and class experiments Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$80 one time yearly fee for materials, paid at registration.
Period 6	1:20 - 2:05	7th/8th Grade Essay Writing Teacher: Ms. Kerry Description: This class would benefit students who have already attended the IEW writing class this year although any student who wants to improve his/her writing skills is invited. Students will learn and polish narrative, informational, argumentative, and critical analysis essay writing in the MLA format. "Dress-ups" and "decorations" will be taught to help produce an eloquent essay. Curriculum: This class will use the IEW curriculum units as well as other curriculum models. Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$60 one time yearly fee for materials, paid at registration.	High School World Art Teacher: Ms. Laura Description: The goal of this class is to build the skills to successfully make art as we learn about historical arts. Students will study artists of all types and their styles throughout history. Students will learn how to observe their world and art subjects and how to transfer what they see onto the page in their own style and medium. Students will also learn techniques for making art in various media, and how to think about and critique their own art so they can self-direct and improve as long as they pursue art. Students will explore shape, color, texture, value, composition, proportion and perspective in pencil & ink, pastels, and other media. Students will be creating their own portfolio with art relating to historical pieces/events/people in the new art form learned during the school year. Students will be required to plan and create a final project during the second semester in one art technique they have learned during the school year. In addition, students will be creating projects such as a mosaic and more. Curriculum: A culmination of Artists Books and worksheets Homework: There will be take home work to be complete each week, about 20 minutes per day depending on student. Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$80 one time yearly fee for materials, paid at registration.
Period 7	2:15 - 3:00	6th / 7th / 8th Geography Teacher: Ms. Laura Description: In today's world, it's more important than ever to know our world geography and to be familiar with where things are and the cultures of the people of the world. This course will teach your student all of that. Students will become familiar with how to read and navigate a map, geographical land features, continents, countries, regions, and more. Student groups will compete with one another in fun friendly games, they will write and present reports to the class and earn points as they do so. Students will also create projects as we explore other parts of the world. This format is incredibly motivating. Students will finish with a greater appreciation of the world God made and how humans have come to understand and organize it. Create and Share a special item to eat from a region of choice! End of year project to share with class. Curriculum: This class will use Teacher pay Teacher materials as well as other curriculum models. Homework: There will be take home work to be complete each week, about 20 minutes per day depending on student. Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$80 one time yearly fee for materials, paid at registration.	High School Biology Teacher: Mrs. Kim Description: students will discover the amazing display of God's power and glory in the living world. Students will learn about the chemical processes of life, ecology, cells, microorganisms and plants, animals, and the human body through full-color chapters that include clear images, galleries of photos, case studies, margin boxes, inquiry-based investigations, vocabulary definitions, and section review questions. Chapters end with review questions and case study questions. When studying topics such as Creation and evolution, abortion, STDs, euthanasia, and other controversial topics, students are pointed to Scripture as the ultimate authority and are encouraged to develop a biblical perspective about these topics. Curriculum: BJU Biology Homework: Will vary week to week based on projects and class experiments Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$80 one time yearly fee for materials, paid at registration.

CLASS PERIOD	TIME	THURSDAY	
		CLASSROOM 1	CLASSROOM 2
Period 1	8:45 - 9:30	<u>2nd Grade Literacy:</u> Teacher: Mrs. Sandy Description: Our grade 2 reading class focuses on specific reading skills such as phonics, comprehension, sequencing, determining main idea etc. We will also include 2 units focused on grammar. Each student will have a reader to use throughout the year that includes interesting and developmentally-appropriate selections that come from a variety of sources, including realistic and historical fiction, fables, folktales, Bible accounts, biography, drama, and poetry. Curriculum: BJU Reading 2 & English 2 Homework: There will be take home work to be complete each week. Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$60 one time yearly fee for materials, paid at registration.	<u>Kindergarten Music & Movement Class:</u> Teacher: Mrs. Ashley & Mrs. Farley Description: Students sing, dance, and play together in this weekly research-based music class! Through varied instrument play, large and small movement activities, and music-based games students work toward gaining basic music competence and opening the door to a lifetime of music making. Each enrolled families receives a current copy of Music Together's @ illustrated songbook and recordings of the music we use in class; this enables the fun to continue all week as your child teaches YOU using their new skills! This dynamic curriculum runs on a 3-year cycle -- allowing each year to be new adventure for your child as they dig deeper and gain a richer understanding of music. Music: Elevate Music Together Cost: \$306/year broken in 9 monthly payments of \$34 ***class cannot be dropped. Supply Fee: \$30 one time yearly fee, paid at registration.
Period 2	9:40 - 10:25	<u>1st & 2nd Grade Writers Workshop:</u> Teacher: Mrs. Sandy Description: This class is a beginning writing class for struggling 1st graders or advanced 2nd graders working on basic writing skills. We will cover several different genres of writing including personal narratives, non-fiction writing and poetry. All lessons will be introduced and practiced using the Writing process. Handwriting, journal writing and editing will also be included. Curriculum: BJU English 1 & English 2 Writing Units Homework: There will be take home work to be complete each week. Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$60 one time yearly fee for materials, paid at registration.	<u>Beginning Math for Kindergarten</u> Teacher: Mrs. Jessica Description: This class will focus on developing numeracy, understanding place value, addition and subtraction. Understanding and writing the symbols +, – and =, telling and writing time by hours, counting by 2s, 3's, 5s, 10s, and 100s Reading, writing & interpreting word problems. Curriculum: Math U See Primer and BJU Kindergarten Math Homework: There will be take home work to be complete each week, about 10 minutes per day depending on student. Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$60 one time yearly fee for materials, paid at registration.
Period 3	10:35 - 11:20	<u>1st Grade Literacy:</u> Teacher: Mrs. Sandy Description: This reading class uses hands-on lessons to combine phonics, reading, listening, comprehension and grammar. The six units cover short and long vowels, single consonant blends, and digraphs, r-influenced vowels, special vowel sounds, silent consonants, suffixes, and syllable division. In addition students are introduced to sentence writing and basic punctuation as well as nouns and verbs. Curriculum: BJU English 1 Homework: There will be take home work to be complete each week. Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$60 one time yearly fee for materials, paid at registration.	<u>2nd Grade STEM & Robotics Class:</u> Teacher: Mr. David Description: This STEM course will help students learn the knowledge and skills to solve real world problems in Science, Technology, Engineering, and Math. Students will be encouraged to observe the world around them, think critically, take chances, and learn from failures in this project-based class. Our main goals will be for the students to get curious, ask questions, and use teamwork to complete STEM related projects but also to develop and take these skills outside of this class. Curriculum: STEM curriculum for Teach Engineering Homework: There will be homework each week to reinforce concepts covered in class and/or to prepare students for next week's class. Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$80 one time yearly fee for materials, paid at registration.
Period 4	11:30 - 12:15	<u>2nd Grade Math:</u> Teacher: Mrs. Katterin Description: We will dive into understanding place value and using it to add or subtract, fluently add any combination of whole numbers, solving for an unknown addend, fluently subtracting any combination of whole numbers, story problems, telling and writing time by hours and minutes, understanding/adding/subtracting money, measuring and estimating length with inches, feet, centimeters, and meters. We will also express differences between numbers as inequalities, finding the perimeter of any polygon, and interpreting data in plots and graphs. Curriculum: Math U See Beta and BJU 2nd Math Homework: There will be take home work to be complete each week, about 10 minutes per day depending on student. Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$60 one time yearly fee for materials, paid at registration	<u>1st Grade STEM & Robotics Class:</u> Teacher: Mr. David Description: This STEM course will help students learn the knowledge and skills to solve real world problems in Science, Technology, Engineering, and Math. Students will be encouraged to observe the world around them, think critically, take chances, and learn from failures in this project-based class. Our main goals will be for the students to get curious, ask questions, and use teamwork to complete STEM related projects but also to develop and take these skills outside of this class. Curriculum: STEM curriculum for Teach Engineering Homework: There will be homework each week to reinforce concepts covered in class and/or to prepare students for next week's class. Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$80 one time yearly fee for materials, paid at registration.
Period 5	12:25 - 1:10	<u>Algebra 1</u> Teacher: Mrs. Kim Description: Graphing, solving basic quadratic equations, linear equations, exponents with expanded understanding, adding/multiplying/and dividing polynomials and more. Curriculum: Math U See Algebra 1 Homework: There will be take home work to be complete each week, about 10 minutes per day depending on student. Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$60 one time yearly fee for materials, paid at registration.	<u>High School Marine Biology & Oceanography</u> Teacher: Ms. Laura Description: Do you have a student who can't get enough facts about sharks, whales, and other mysterious creatures of the deep? Explore these animals and discover even more about the ocean in this Marine Biology course. Through engaging lessons, in class dissection labs (optional per student), experiments, projects, reading, and interactive learning, students will explore and gain a greater appreciation for some of the smallest of God's creations as well as the largest creations on the planet. We will also be learning about ocean characteristics, marine ecology, tides, ocean communities, intertidal zone, famous marine biologists, the importance of the ocean and more. This will be an amazing year of discovery! Curriculum: Apologia Marine Biology Homework: There will be take home work to be complete each week, about 20 minutes per day depending on student. Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$80 one time yearly fee for materials, paid at registration.
Period 6	1:20 - 2:05	<u>Geometry</u> Teacher: Mrs. Kim Description: Graphing, solving basic quadratic equations, linear equations, exponents with expanded understanding, adding/multiplying/and dividing polynomials and more. Curriculum: Math U See Geometry Homework: There will be take home work to be complete each week, about 10 minutes per day depending on student. Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$60 one time yearly fee for materials, paid at registration.	<u>6th / 7th / 8th American Republic (History):</u> Teacher: Ms. Laura Description: We will begin with Native American cultures and the 13 colonies, continue through the War for Independence---all the way through the 20th century to the new millennium! Curriculum: BJU American Republic History Homework: Will vary week to week based on projects and class projects Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$60 one time yearly fee for materials, paid at registration. Required: Heritage Studies: The American Republic Student ISBN-13: 9781628568882 Can be purchased here: https://www.christianbook.com/heritage-grade-8-american-republic-student/9781628568882/pd/522771?event=CBCEB1
Period 7	2:15 - 3:00	<u>High School Bible:</u> Teacher: Pastor Tyler Description: We will be focusing on growing in our knowledge of the Old Testament using the Bible project overview videos. Each week we will memory a verse from the Old Testament, watch a short overview video of the book of the week and review what we learned with discussion questions. Curriculum: Bible Project Homework: Students will be working on Scripture Memory each week Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$60 one time yearly fee for materials, paid at registration.	<u>8th / 9th Earth Science</u> Teacher: Mrs. Kim Description: Students will build their critical thinking skills as they study the major theories in earth science and follow those theories through to their conclusions. Throughout the course, they will be guided by biblical and scientific principles, ultimately coming to a better understanding of their Creator and a greater appreciation of His creation. Curriculum: BJU Science 8 Homework: Will vary week to week based on projects and class experiments Cost: \$198/year broken in 9 monthly payments of \$22 Supply Fee: \$80 one time yearly fee for materials, paid at registration.

30 Minute Sessions Piano Lessons: ***ages 7 and older***
(students younger than 7, must receive permission from piano instructor prior to registration)

Teacher: Mrs. Julie

Times: Piano lessons are offered in 30 minute increments from 9am - 2pm. Sessions will be scheduled with the piano instructor.

Description: Individual piano instruction for beginners and transfer students. Our piano instructor will contact you to set up a time once you register.

Curriculum: Beginning students will be using one of the three levels from Faber Piano Adventures. Other supplemental materials may be added to facilitate each student's individual needs.

Transfer students will be evaluated and assigned curriculum as appropriate.

Homework: 5 good days of practice each week. Intensity and duration depending on student age and level.

Cost: \$75 per month - a total of 32 lessons over the 9 month school year. Lessons are 30 minutes.

Requirements: Each family will need to provide a piano (or quality 88 key digital keyboard) for daily practice.

Registration Fee: \$65 one time fee paid upon registration. Additional books required to be purchased. Parents will purchase these student materials on their own after the Piano Instructor communicates specific materials each student will need. Your Piano Instructor will also guide you where to purchase these student materials. Other supplemental material may be suggested as students progress.
