

July 21, 2025

[Ken Taylor](#) is a [WorldVenture](#) Missionary in Japan since 1997. He is involved in: Church Planting Movements, Innovative Ministries, Leadership Development, and Business as Mission (BAM)

**Dear FBC Watsonville,**

Praise the Lord for a successful and wonderful HGF 25th Anniversary Concert Celebration last June 28, 2025. Soon after, I left for Manila. And now I am on a stateside tour for partner church visits.

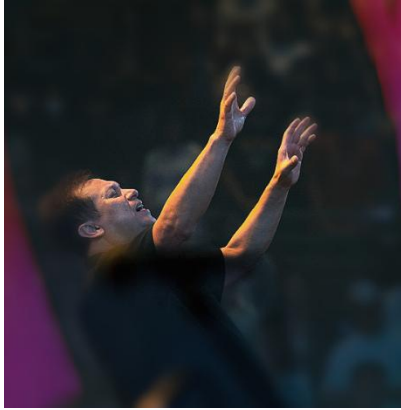

### **25th Anniversary Celebration Concert...**

The day started with a special gathering where members shared stories and heard reports from choir representatives. The concert was very sentimental with historical introductions of artists. All choir members were wearing colored bands that identified how long they have been part of HGF. There even was a surprise where Ken danced with the collaboration dance team (See photo). Every song featured the goodness and faithfulness of God. There were 350 choir members coming from Aomori to Kyushu.

### **Black Gospel Worship in Manila...**

I headed straight to Manila, Philippines to lead a Black Gospel Worship Sunday July 6. CCF (Christ Commission Fellowship) is one of my supporting churches. CCF was the church where I became a Christian when they only had 100 members. Today, CCF is a mega church with 10,000 seats in its Main Campus. We did 4 Black Gospel worship services. It was electrifying to worship with 10,000 Filipino believers every service.

### **USA Tour...**

I am currently stateside. I arrived last Friday where my first stop was to visit my brother in Cheyene, Wyoming. Next stop is to Denver, Colorado for a mission conference. Then I depart for Anchorage and then Fairbanks, Alaska. Finally. I am heading to Northern California by the end of July.

*Please pray as I travel to supporting USA churches in 4 different states to share about the mission in Japan.*
