

November 2025

Dear,

Hello Friends and Family, and **Happy early Thanksgiving!!** We will soon be feasting at the Bovard household as we transition into the holiday season (**deck the halls!**). In Campus Life news, we ended out October with our annual "Fall-o-ween" party, featuring one blow-up dinosaur, three stitch costumes, and one banana-duck (myself). It was a spook-tacular time for all!

In the past few weeks, we started a new series, **"Good Questions"**, following the life of David and his journey from shepherd boy to king of Israel. This past week's question was **"What if I Stumble?"**. We discussed what it means to sin, and what it means to be shown grace, something that David was very familiar with. *He committed almost every sin possible, but still he is called "a man after God's own heart" because he was truly repentant.* Pray that our kids would have the heart of David and seek after forgiveness and salvation from Jesus Christ.

This past month we have been experiencing some conflicts between kids that occur outside of our weekly club meetings (and outside mine and my volunteers realm of control), which often leads to kids "taking breaks" from Campus Life. The kids that we work with are oftentimes not brought up having healthy communication/conflict skills, and many of them struggle with mental health issues, so I ask that you would pray against these conflicts arising outside of club (and during club) so that every kid we minister to would be able to continue to hear the gospel message. ***If you are not already, I ask that you would commit to praying every Thursday for our kids during our Campus Life meetings (5pm-7pm) and for God's intercession on behalf of our kids.***

I am so thankful for your partnership with this ministry. Please continue to keep myself and my staff in your prayers, that we would "not grow weary of doing good" (Gal 6:9). *Please also join us in praying for the growth of our ministry as well, so that we would be able to reach more kids for Christ.* As always, thank you for your continual gifts and prayers, you are a blessing. ***May God bless you and yours in this season of gratitude.***
