What's The Purpose?

Going on a trip as a group is our favorite way to kick off the new ministry year. It allows us to set aside a weekend to focus on Jesus, worship, take steps in our faith, and set goals for the upcoming year. Also, it gives us purposeful time to build relationships with one another, for students to get to know leaders better, and for the group to grow closer as a whole...and, of course, a ton of fun and lasting memories!
