Job 34-35 - “Finding A Way Out”

Briefly share what point(s) from Sunday’s Study spoke most to you?

Ice Breaker: Knowing personal opinions are powerful, going around the group, have each share their opinion of changing our clocks forward and backward 2X’s a year. If you had the power, would you change the law?

Let’s explore the truth that God is Holy. Read and discuss the following verses.

I Samuel 2:2 - If you were in Hannah’s situation, could you profess the same?
 How does the Holiness of God give stability?

Psalms 99:9 - God asks so little. One thing asked of us is to worship Him alone.
 What can be challenges to Worship Him without hesitation?
 Share a recent example of your worship to Him being of a holy nature.

I Thessalonians 4:7 – This verse teaches that God’s Holiness is something we are called to. What are some examples of things that seem to be holy to the Lord, but can at times have hidden motives. (examples: Could serving Him ever look like that? What about giving? Prayer?) Discuss: Is being called to a “holiness” something we’ve made more complicated than God intended ... or have we possibly cheapened it?

Hebrews 12:14 - How is the simple example of unity in the body of Christ a witness of God’s Holiness in His people? Does the world offer anything close to this? What is holy to the world? How does it differ from the Holiness of God?

Close in Prayer for one another
