Week of Sunday April 27, 2025

Luke 22:47-65 - “Operator Error”

Briefly share what point(s) from Sunday's Study spoke most to you?

Ice Breaker: What is your favorite amusement park ride?

A point made in the Bible study focused on:

'Insights do not guarantee perfection'

Share with the group examples from your schooling, career or even investments that support this truth.

- How does imperfection affect you?
- How does imperfection seen in another affect you?
- Do you have a verse that speaks of God's love for you in spite of your errors?

At Salvation a person begins to understand that God *wants* him/her.

How have you experienced this recently?

Why do you think others don't fully grasp this truth?

Why do some Christians not grasp this fully?

Do you have an example of when you felt much the same?
(seemingly unwanted by God)

What did the Lord do to take you out of that mindset?

Discuss: Do you agree or disagree with point **#3** from the Bible Study? Why?
