

# The Agan Family

MISSIONARIES TO  
PERU

October 2025

Greetings brothers and sisters in Christ,

We want to take a moment and update you on the progress of our deputation. We have had the opportunity to share our ministry in 100 churches so far. We are thankful for the busy schedule God has blessed us with.

In addition, we wanted to update you on the progress of the church plant in Peru. They have completed the new church building and have started holding the services there. This is a huge answer to prayer. For the past few months they have not had a building to gather in. We are thankful for God meeting this need.

Currently, we are at 96% of our total monthly support. We have purchased our plane tickets and Lord willing, we will be leaving on October 27<sup>th</sup>, 2025. Please pray for our family as we make this move. One specific prayer request we have is for our son. He struggles with change and this is going to be the biggest change he has ever had to make. We know God is able and will help him transition to this new culture, language, and country.

Lastly, we are amazed in gratitude at the generosity given towards our moving cost. We have been given more than enough moving funds. That shows us that we serve a big God. He has reminded us through this journey that if he calls you to it, HE WILL see you through it! All of the extra funds will be used for ""unforeseen"" cost that will arise. The rest will be used for the ministry. Thank you for your prayers, love, and support!

Anthony & April Agan and Family

## Prayer Request

- Monthly Support
- The church plant in Peru
- Adjustment to a new country
