Village Chapel Church

### **Philosophy Statement:**

*Teach the child in the way he should go, and when he is old, he will never part from it. Proverbs 22:6*

Foundations to Grow On Preschool provides a Christian based preschool program. Our preschool is committed to providing a program and environment that emphasizes the development of the whole child in terms of spiritual, mental, emotional, physical, and social education. Education is provided in a safe, loving and God-centered setting that adheres to the Holy Scriptures. Instruction will be provided through carefully chosen curriculum, enhanced with creative teaching techniques with varied learning opportunities. Our staff is committed to educational goals of excellence that will prepare our students to be life-long Christians and learners.

### **Objectives:**

Foundations to Grow On Preschool seeks to carry out the command of our Lord Jesus Christ to “feed my lambs” by providing spiritual and educational foundations for children in a Christian setting.

### **Non-Discrimination Policy:**

Foundations to Grow On Preschool does not discriminate based on gender, race, color, religion, or national or ethnic origin in admittance, education, or other administrative policies and extends to all the rights, privileges, programs, and activities made available to students at the school.

### **Enrollment:**

The preschool program is open to the public. Children must be 3 on or before their first day of class (T/Th Preschool class). Due to the constraints involved, children should be fully potty trained. To be enrolled into a PreK Class, children must be 4 on or before the first day of their PreK class.

All required information must be filled out and turned in before a child can begin school. These forms include Class Enrollment, Child Enrollment and Health Information for Child Care, Child Medical Statement (signed by physician), Authorization Release, Parent/Guardian Consent, and Parent Agreement Statement, in compliance with ODJFS rule 5101:2-12-15.

### **Days and Hours of operation**

Our delays and closing information will be submitted to channel 10TV, posted on the Foundations to Grow on Preschool Facebook page, and emailed to the parents of the affected class(es).

### **Arrival/Departure**

A parent or adult guardian must accompany each child to the classroom unless arrangements have been made for curbside drop-off. The adult must come into the preschool to pick up the child unless arrangements have been made for curbside pick-up.

***Curbside drop-off and/or pick-up must be requested by the parent/guardian.***

If there is a written, court-ordered custody agreement for your child, a copy of that agreement must be submitted to the Administrator with the other registration materials. Release of the child will be handled in accordance with the court-ordered custody agreement.

The children will be released only to persons on the Authorization Release form provided by the parent. Staff will check the IDs of anyone they do not recognize. Please be prompt when picking up your child from school, as it can be upsetting for the child to wait for you. If an emergency arises the parent must provide a written, signed note giving the person permission to pick up the child, or call the church office at 740-983-4675 to notify them of the change.

### **Withdrawal from Preschool Program**

Parents wishing to withdrawal the child(ren) may do so with a 1 week notice in writing. No refund will be given. Payment for that current month is required.

### **Snacks**

Snacks will be provided by each parent on a rotation. Each family will take turns bringing in a healthy snack to share with the entire class. The center will serve the snack at about 10:00 am in the morning classes and 1:30 pm in the afternoon. The snack will provide nutritional value in addition to calories and contain at least one food from two of the four basic food groups listed below. Bringing their own snack is only permitted for children with allergies.

Parents must still provide at least two of the following four basic food groups in compliance with ODJFS rule 5101:2-12-22, Appendix A.

1. Meat/protein
2. Bread/grains
3. Fruit/vegetable (**Fruit juice must be 100% juice to qualify as a “fruit”**)
4. Milk/Dairy

Sample menu:

**Tuesday – apple slices and cheese sticks**

**Thursday – crackers and cheese**

**Tuesday – goldfish-type crackers and grapes**

**Thursday – yogurt and graham crackers**

The preschool will provide ice water in addition to the snack you supply if no other drink is provided.

***Due to allergies, our preschool is a “nut free” zone. Please do not bring food containing any nuts, including peanuts or peanut butter, as a snack choice.***

Any time a snack is provided that does not meet the rule requirement listed above, or if a snack is not provided for whatever reason, the school will provide the necessary substitute(s).

### **Supervision**

At no time will a child be left unattended. Staff will always supervise the children. If a child becomes ill, they may be isolated from the other children, but will be in the sight and hearing of a staff member, to comply with ODJFS rule 5101:2-12-16, Appendix B.

### **Water activities/Swimming**

We do not offer swimming activities. Water activities will be limited to water table-type activities.

### **Napping/Resting**

Due to the short length of our preschool day, there is no nap time. If a child is overly tired and appears to be ill, the parents will be contacted.

### **Guidance Policy**

Foundations to Grow on Preschool believes that it is especially important to help children learn self-control. We understand that each child is loved by God and made in His image. This center views discipline as a process of developing appropriate behaviors. Our hope is that through careful guidance each child will learn self-control. Positive reinforcement (commenting on children doing the “right thing”) and positive redirections (removing the child and giving them an appropriate activity) will be used. Staff will not impose punishments for failure to eat or for toilet accidents. Implementation of this discipline policy applies to all staff and parents while they are at Foundations to Grow On.

If a child’s behavior requires frequent “extra attention” from the staff member, we may choose to develop a behavior management plan. This would be developed in cooperation with the parents or guardians.

If a situation arises where a child is consistently endangering himself, peers, or staff, it may become necessary to dis-enroll the child. Every attempt will be made to work with the student and parent, but the children’s safety is our primary concern. The administrator would be in contact with the parent before this step is taken.

### **Assessments**

Formal assessments are completed two times during the school year. The first progress report will be sent home in October, giving a baseline for your child, and no conferences will be scheduled. The final progress report will be sent home in May, with no conferences scheduled. You are welcome at any time to request a

meeting with your child's teacher to discuss your child's progress. All assessing helps ascertain skill level in each area of assessment and aids in appropriate lesson planning for each child.

### **Illness**

If a child is ill and is not attending school, please contact the school. If your child is sick (as described above), please keep them at home. If the child develops illness at school, parents will be called and must come and pick up their child.

Foundations to Grow on preschool will follow Transitional Pandemic Requirements for a Licensed Child Care Center.

Parents will do a health assessment prior to bringing their child to school. If your child is exhibiting any of these symptoms, please keep them at home. This is a collaborative effort and must be strictly adhered to for any plan to succeed. Please be on the lookout for these symptoms listed.

A child is considered sick when demonstrating any of the following symptoms:

- Temperature of at least one hundred- and one-degrees Fahrenheit (one hundred degrees Fahrenheit if taken axillary) prior to administering fever-reducing medicine, when in combination with any other sign or symptom of illness.
- Diarrhea (three or more abnormally, unexpectedly, or unexplained loose stools within a twenty-four-hour period).
- Severe coughing, causing the child to become red or blue in the face or to make a whooping sound.
- Difficult or rapid breathing.
- Yellowish skin or eyes.
- Redness of the eye or eyelid, thick and purulent (pus) eye discharge, matted eyelashes, burning, itching or eye pain.
- Untreated infected skin patches, unusual spots, or rashes.
- Unusually dark urine and /or gray or white stool.
- Stiff neck with elevated temperature.
- Evidence of untreated lice, scabies, or other parasitic infestations.
- Sore throat or difficulty in swallowing.
- Vomiting more than one time or when accompanied by any other sign or symptom of illness.

(ODJFS rule 5101:2-12-16, Appendix B)

### **Communicable Disease**

If there is a child with any of the following: diarrhea, severe coughing, difficult breathing, yellowish eyes, pink eye, temperature of 100 degrees or more, he will be isolated (within sight and hearing of a staff member and made comfortable on a cot) and a parent will be notified immediately. Parents will be notified within the next day of center operation if their child has been exposed to a communicable disease. This notification will be written and sent home in the child's take-home folder.

### **Immunizations**

All children shall have current vaccinations before their first day of school. If a parent chooses not to vaccinate because of religious, worthy cause, or medical reasons then a State of Ohio Legal Immunization exempt form must be completed and turned in before the first day of school. This form is available online, and available upon request with FTGO.

### **Lice**

The Pickaway County Health Department has a lice policy that will be followed in the center. If nits (eggs) are found, a student will not be sent home. If lice or live hatched eggs are found, depending on the severity of the case, the student may be sent home. Instructions on prevention and education regarding safe treatment of head lice may be given to the parent or guardian. If treated, the student may return to school the next day for a head check.

### **Medication**

It is important to make every effort to administer medication at home. If this is not possible, other arrangements will be made and proper documentation must be provided according to ODJFS rule 5101:2-12-25. Medication that requires injections, the form/plan ODJFS 01236 for the administration of medication must be turned in before the first day of school – everything must be filled with no blank spaces. FTGO will administrate ADA disabilities of medication and care of disabilities as needed with their ODJFS form.

### **Transportation for emergencies**

**A child may NOT be enrolled at our center if permission is not given (on page 3 of the Child Enrollment and Health Information for Child Care form 01234) to transport in an emergency.**

The center will not transport children for emergencies. The parent or other emergency contact will be notified immediately. If it is required, emergency first aid will be administrated, and a staff member will remain with the child until the emergency squad arrives. The child will then be transported to the place indicated on the Emergency Health Information Form. If emergency transportation is required, the child's health and medical records will accompany them.

An Incident/injury report JFS 01299 shall be completed by the Child Care Staff Member who witnessed the incident/injury immediately. A copy will remain in the child's file and the original will be given to the adult to whom the child is released that day.

### **Outdoor Play**

Since our students will only be at school for 2 ½ hours, we will play outside as weather and time permits. Children will not be taken outside when the temperature (wind chill and heat index factored in) drops below 25 degrees or rises above 90 degrees. If the situation is necessary, we will also adjust outdoor time due to rain, threatening weather, ozone warnings etc. On days that outdoor play is not provided, we will include a time for indoor gross motor activities. Please send your children with the proper clothing so they may be comfortable and safe whenever we are outside. This would include hats, mittens, and boots in the wintertime.

### **Restroom Policy**

The following is the procedure used by preschool staff:

- The teacher/assistant will assist the child, if needed, but will encourage the child to learn to wipe him/herself, etc.
- If a child has had an accident wetting or soiling their clothes, the teacher/assistant shall put on rubber gloves, help remove the clothing, clean the child, and help put on dry/clean clothes. The soiled clothing shall be put in a plastic bag and sorted with the child's other belongings. The parents will be informed of the soiled clothing.
- The teacher/assistant will teach the children how to wash their hands according to the directions on the bathroom wall.

- Two adults will accompany all the children and will use the lavatory when we go as a group. If four adults are available two adults will accompany the boys to the men's restroom. There is a single restroom available in the classroom area.

### **Entry into the Building**

The safety of your child remains our top priority. Access to our preschool will be limited, with the main preschool access door being locked most of our day. Details regarding access will be provided at Parent Orientation in August.

We conduct monthly fire safety drills, and quarterly tornado and lock-down safety drills. Drills are logged and kept on file per licensing requirements.

### **General Emergency**

In a Medical, Dental, or General Emergency, procedures outlined on JFS Form 01242 will be followed. This completed plan is posted on the board outside Room 330.

In the event of an environmental situation (i.e., fire, tornado, etc.), the children will be taken to a safe location outside or within the building, as indicated on the emergency evacuation plan posted in each room.

In the event of a loss of power, heat, or water, the children will be kept in the rooms as usual, and the parents will be notified of the need to pick up their child.

In case of violence, the children will be moved to a safe location, and parents will be notified.

### **Parent Participation**

If parents have concerns or questions about their child, it is recommended that they set up an appointment with the staff, so teachers can focus on you and your child at these times. If there are concerns, please follow the following chain of command until an answer or solution is found.

1. Child's teacher
2. Administrator

Feel free to bring concerns to the teacher when they occur. Often, they can be addressed when there are little problems preventing them from growing bigger and harder to solve.

### **Staff/Child minimum ratios maintained, by group**

2:14 for 4-year-olds ( $\geq$  48 months)

2:12 for 3-year-olds ( $\geq$  36 months)
