WHY A CHRISTIAN EDUCATOR?

It is a blessing to be able to have continuity in what I teach to students and the beliefs and values I hold as a Christian. I feel so privileged to not only see students develop on their educational journey but also in their faith journey.

EDUCATION PHILOSOPHY

Lifelong learning is a deep passion of mine. Individuals that learn the value of curiosity, asking questions and searching for answers with perseverance are well equipped to face life's challenges. Education builds confidence, commitment, and when paired with Christ's teaching, wisdom. My classroom is a place where mistakes are opportunities to learn and questions are encouraged!
