PHYSICAL EDUCATION

Experience: 7 years teaching K-12

College: Sacramento State University

State Credentialed: CA Single Subject

Degree(s): Kinesiology BS, Educational
Leadership Certificate

WHY A CHRISTIAN EDUCATOR?

While sharing God's love has always been part of my "why" as an educator, being able to plan and integrate this into lessons with purposeful intention is the dream. Watching relationships with Christ grow and flourish every day is so awesome, including my own relationship!

EDUCATION PHILOSOPHY

My goal is for every student to feel capable, important, cherished, and valued in my classroom. I want every student to know they are made perfect in God's image. All students can learn, and all students should have the opportunity to grow in a safe, equitable, and stimulating environment. An important part in educating the whole child includes supporting their physical literacy and kinesthetic awareness. My goal is to create an environment and culture where students can learn psychomotor, cognitive, and affective physical education skills all through the lens of the cross.

HOBBIES & LIKES

Playing with my dogs, book club, yard games, exploring National Parks, and family time.
