### WHY A CHRISTIAN EDUCATOR?

At a Christian school, students learn to build authentic friendships and relationships based in Christ. Exposure to Christian values at home and at school helps children grow into stable adults committed to serving others and following Christ.

---

### EDUCATION PHILOSOPHY

I believe that all students are unique and need a teacher that caters to their individual needs in a safe and stimulating environment. I strive to have a classroom where students can flourish and explore to reach their full potential. My goal is also to create a warm, loving environment, so students feel safe to take risks and express themselves.
