QUESTIONS TO CONSIDER:

1. READ [JEREMIAH 7:5-8](#).

The people had not only misplaced their trust, they had practiced misguided behavior. What examples of that did God confront them with through Jeremiah?

2. Why would the people continue “trusting in deceitful words that cannot help”?

3. How do things like success, money, love, social media, politics and religion give us false beliefs?

4. Are there any truths from the Scripture passage above that directly applies to your life?

PRAYER:

Thank God that He cares enough about you to confront you when you do wrong. Confess any sin He has brought to your mind during this study. Ask Him to help you not wander down the path of trusting your religious practice, likes on a social media posts, or success and a great paycheck, rather than trusting Him.
