

God Be Praised

Brent Taylor Daniel Doss, Aaron Rice,
3.24.17

Verse 1

Who made the heavens before all time
Who spoke and dust came to life
Who gives the oceans all of their tides
Who told the stars how bright to shine

Chorus

God be praised
God be praised
Let the song of the redeemed throughout the heavens ring
God be Praised
God be Praised
Let the anthem of the saints be lifted here today
God be Praised
God be praised

Verse 2

You knew the way that
we would rebel
Sin like venom
Through our veins
You drug our curse to the depths of hell
Then rose victorious from the grave
Then rose victorious from the grave
