

HVN COME

*Written by Brent Taylor

VERSE 1

If You say I am free
That's who I'm gonna be
If You say I am whole
The empty's gotta go

If You say I'm redeemed
There's no power in the enemy
Nothin else to believe
Nothin else to believe
Nothin else to believe

CHORUS

Heaven come rip through my heart
Then re-tether me back to the start
Woah, oh, help me let go

VERSE 2

You say I'm alive
So I know death's a lie
You hold the victory
So grave where is your sting
God, You're the champion
I know the work is done
Nothin else to believe
Nothin else to believe
Oh God I believe

CHORUS 2

Heaven come rip through my heart
Then re-tether me back to the start
Woah, oh, help me let go
Purify every space
Til all that's not You is erased
Woah, oh, help me/ I let go

BRIDGE

Help me, let go
Let/Yes/Ya God, let's go

CHORUS 2

TAG

Woah, oh, help me let go, let go, let go, let go

Woah, oh, help me let go, let go, let go, let go

Til all of me bows to Your grace

Til all history is erased // Til all of my world is erased

Except You are God, and I'm just a child of God

Til all of my world has to change

You say I'm set free

If I have victory

You claim over me

Joy and victory

If you say I'm set free .

I have victory

If you're the champion

I know the work is done

If love has bought me life

I know death's a lie

My sin and suffering

Bows to Your victory

Nothin else to believe

Nothin else to believe

Oh God I believe

Just to see Your face

You are the God of good news
All else in my life I refuse
Cause if this life I lose
I have You, and I have everything, everything, everything

Where you are God, and I'm just a child of God

If You say I am

There's nothing else to believe
