

We lift Heaven up

We lift Heaven up, We lift Heaven up
We lift Heaven, up oh oh o up
Oh oh oh o up

We came here we want to know
Just what lord you want to hear from us
We let go we lay our crowns
And lord we give you the praise

We lay our crowns Lord at your feet
For you oh lord are the king of king of kings

We give you praise praise praise
We lift your name name name
We lift heaven up we lift heaven up up up up
