Mission

Hope Partners Costa Rica exists to rescue children and transform their lives through acts of compassion.

We establish Centers of Hope in some of the most impoverished parts of the world to care for the most vulnerable among us.

Our Hope Center has a dedicated team that focuses on both **rescue** and **transformation**. Rescue is focused on combating the immediate vulnerabilities a child experiences in poverty. We rescue each child by providing them with a safe place to grow. Transformation comes as we walk long-term with each child with a strong emphasis on education and discipleship. As we equip each child with the tools to succeed, they get the opportunity to dream and achieve a life full of hope.

Our work is made possible through church and corporate **Partnerships** and by individuals who are committed to being **Hope Sponsors**.

Partnership with community centers and local public school improvement projects

Empowering children through Education

Working alongside the local church to lead people into a growing relationship with God

How Missions Teams Can Help

1) School Improvement projects: creating beautiful spaces for children to learn. Examples: painting classrooms, hallways, bathrooms, murals, desk, chairs, and more. **All materials needed for improvement will be provided.*

2) Relational Investment: activities to connect and teach children about Jesus related to our annual theme.
