CHANGE A LIFE

helping children globally and locally

THE STORY

In 2012, a family in south Florida was adopting a child from Ethiopia. \$25,000 was needed for the adoption. A group of people decided to sell Christmas trees to raise the money. 450 Christmas trees were sold. \$25,000 was raised.

Due to the success of BUY A TREE. CHANGE A LIFE., a non-profit organization called ForHope.us was founded. Every year sites all over the country sell Christmas trees and give away 100% of the money that is raised to help children in their community, as well as around the world in some very difficult places. Since 2012 we have raised and given away almost 10 million dollars to help children.

HELPING CHILDREN

With your sponsorship we will provide education, care, mentoring, food, and housing. We support children's homes, learning centers, schools, and feeding programs. We want to inspire hope and empower potential in the next generation!

GLOBALLY

We partner with non-profit missions organizations to help children in some of the most challenging places on the planet. 50% of the money raised by the site is designated to help children globally.

LOCALLY

Each site determines how they can best serve the children of their community. Some of the things our sites have supported in their communities include backpack giveaways, mentorship organizations, college scholarships, child advocacy, fostering programs, and feeding programs. Even when the project is over your sponsorship continues to help children locally!

BUSINESS PARTNER OPPORTUNITY

In 2024, BUY A TREE. CHANGE A LIFE. raised \$2,563,289! This would not have been possible without the help of our generous partners!

Last year's event produced local media attention in the papers, radio, and television across the country. You have a chance to join the growing list of partners in this movement!
