GLOBAL IMPACT PARTNERS

Prayers & Praises: For someone who is undergoing treatment following major cancer surgery. Recovery is going well, but several weeks of chemo and radiation are ahead. On the ministry side, it's been a record-setting year for literature distribution across the Spanish-speaking world. Several new titles are being released, including a children's Gospel series, and there's growing momentum with national authors contributing to current projects. A new partnership is also opening doors to distribute and produce much-needed materials focused on creation, apologetics, and children's ministry. We're also thankful for a new couple preparing to join the team after a long season of support-raising.
