

Greetings.

I will do a full update once I return and get my sea legs back but just wanted to send you a couple of amazing things God has done during this trip.

Week 1 - We did a leadership/discipleship training with 140 plus pastors, leaders and prison chaplains (Kenya). Eleven countries from Africa were represented. I had the privilege of teaching on how EMAW does quiet times.

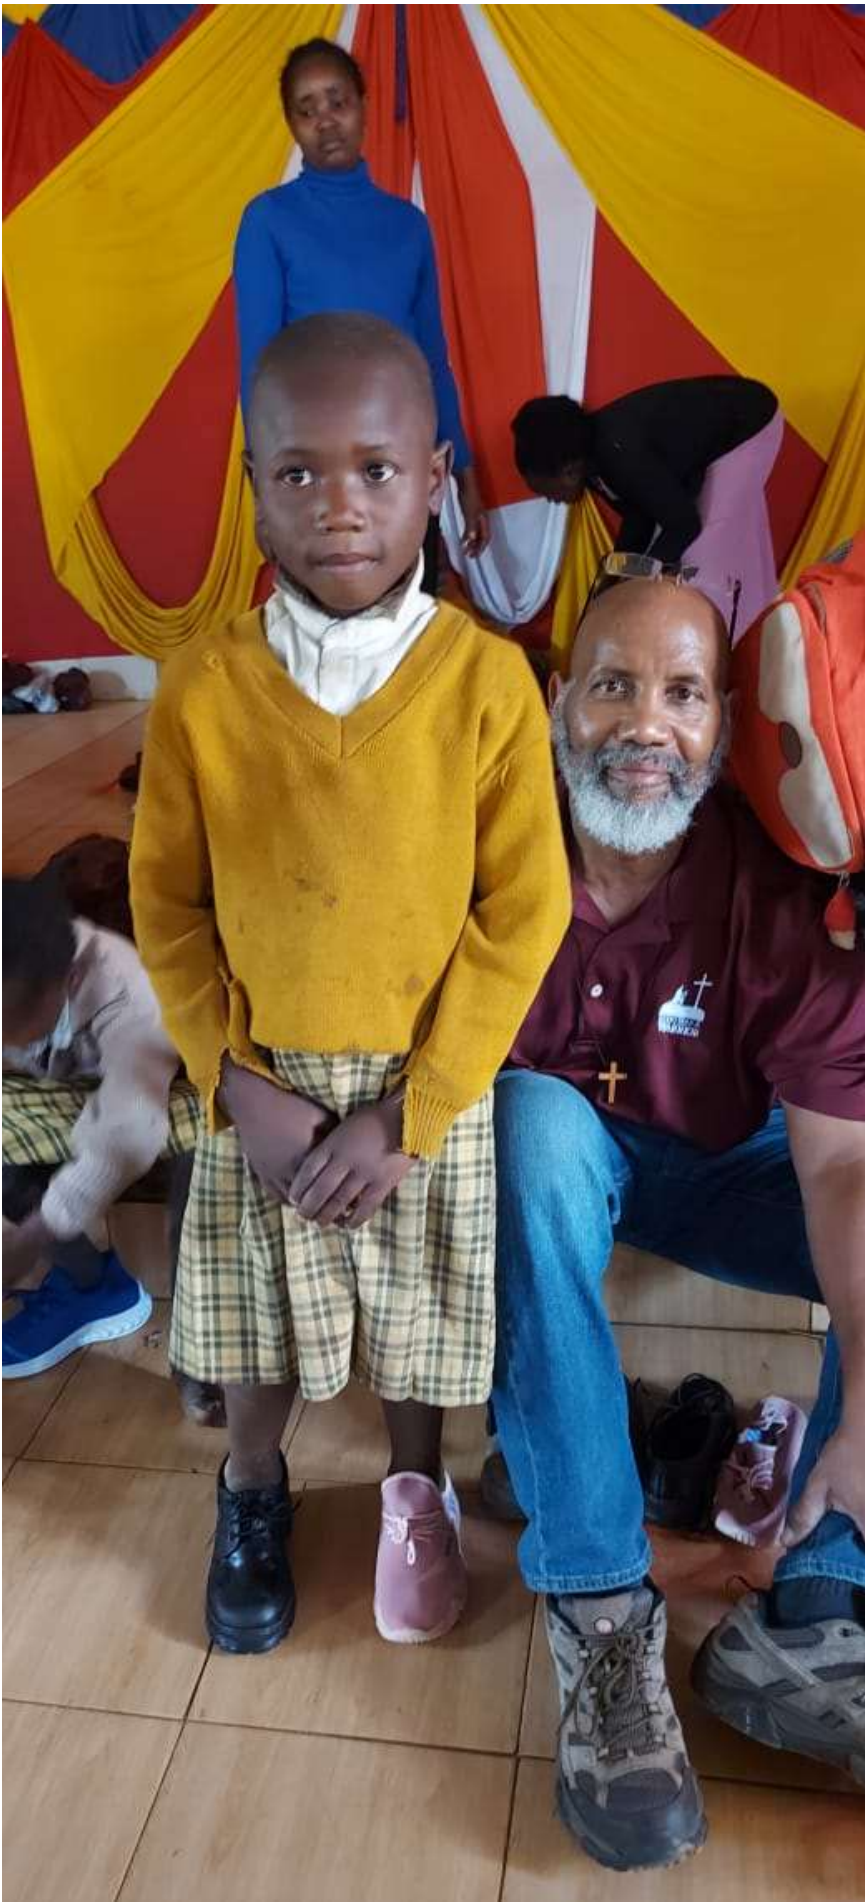

Week 2 - We did the same training in Uganda with over 100 pastors and leaders. Most have been involved in Every Man a Warrior.

Weeks 1, 3 & 4 - prisons - We visited many prisons at different stages of our Every Man a Warrior discipleship program. We gave out certificates for the completion of one book and distribute the next book in our year long process. As you may know, we are currently in 68 prisons in Kenya since this process started two years ago, over 2500 men in the program and almost 900 men have accepted Christ.. God is on the move over here.

A year and a half ago, Jane and I were moved to raise funds to buy a pair of shoes and a pair of sneakers for 99 kiddos at Sam and Diana's school, the Precious Zawadi Academy... Well now the school is up to 210. And we did it again with the help of friends and family. I am still sore from spending two plus hours putting the shoes and sneakers on every child. There was a team of us and it was an adventure.

Asante Sana (Thank you very much in Swahili)
more to come in my newsletter..
