

Visual Designer Job Description

This is a 1099 contract position. You will be responsible for bringing creative vision to life through designs that resonate with a broad audience and the Calvary Chapel Oceanside identity. Must include a link to your portfolio with application.

Your impact

- Apply understanding for composition, color, typography, iconography, texture, photographic curation, and usability to help users successfully navigate multimedia experiences
- Define the visual direction of a project to shape and position ideas for consumer impact
- Possess a POV on craft, tools, and process
- Apply best practices for human-centric design to common visual and usability challenges
- Contribute to the creation of new design systems
- Effectively communicate and collaborate with others to delegate project specifications
- Discern and consolidate visual design feedback effectively

Your skills & experience

- Thorough communication and storytelling abilities
- Solid experience of visual and digital design
- Design process and specifications documentation
- Strong attention to detail and an eye for excellence

Set yourself apart with

- Affinity group or Church participation history
- Exhibits professionalism, conscientious work ethic, teaching ability, and accountability
- Able to exercise discernment and wise judgement
- A self-starter who is good at multi-tasking and prioritizing projects
- Strong administrative skills and ability to work independently without supervision.
- Able to work at a fast pace, in a variety of settings and circumstances, with composure and flexibility
