

Truth For The World

It's Our 30th Birthday!

1992-2022

We are so blessed to be a part of a 30-year evangelism effort! We hope that you feel the same way! Thanks to your continued help, modern technology, and the efforts of our staff and volunteers, people from around the world are learning about what the Bible says every day! We are teaching people from all nations!

We thank God and you for making 30 years of global evangelism possible!

We take time out of our busy schedules to celebrate this milestone in our history together with you. We thank God that He has allowed us the privilege to be His servants in the kingdom. We thank you for being interested in the lost souls and fellow Christians of the world enough to want to teach them more about what the Bible says. We dedicate this milestone to all those who sincerely want to work hard with us in the kingdom of our Lord and fulfill the Great Commission to “*go ye therefore and teach all nations*” (Matthew 28:19).

Looking back, we cannot know the total impact of our efforts together, just as no one may be able to see the fruits of their labors throughout the rest of time. Even when we sleep, our website, apps, and online Bible college are teaching people around the world. We cannot measure how many people may have learned the truth about their salvation, or even simply learned the truth about one Bible question they may have had.

Our measure of success is not in the number of conversions we can document, the number of baptisms we report, etc. The simple reason for that is because that is not how we will be judged by our Master. Once we teach people, it is up to them whether to respond, not us. As Paul said, he and Apollos had taught, but “*God gave the increase*” (1 Corinthians 13:6). Instead, we rejoice in how many people we have been able to teach! Only in eternity we will realize the fruits of our labor and the increase that God has and will bless us with!

Without you, Truth For The World cannot continue to go into all the world for another 30 years. Will you consider beginning or continuing your prayerful financial support!

What's New in 2022?

New Testament Worship

Singing

Ephesians 5:19

Presentation Videos

Teach your visitors and congregation with free TFTW presentation videos for your pre-worship PowerPoint or Proclaim presentation! Teach visitors about the New Testament worship they are about to observe, let them know they are welcome, and invite visitors and members to enroll in free online Bible courses.

Download these free videos for your presentation today! truthfortheworld.org/videos

Podcast

Patrick Swayne has started a podcast series studying the Book of Proverbs. Use your favorite podcatcher to catch up on the episodes and subscribe to get all the latest episodes!
