**Food & Supplies Drive  
January 4-25, 2026**

The teachers at our neighborhood school, Brookridge Elementary, appreciate having a variety of snacks & personal hygiene items on hand in the classroom for their students & families. Help us help them!

- The snacks should be individually wrapped & nut-free.
- Gluten-free snacks are also appreciated, as they have a few students who require gluten-free options.
- Family-sized personal hygiene items are most helpful.
