TRANSITION TO WORSHIP

- **ASK: "What is Worship?"** - (Allow time for children to respond) Worship is honoring God and showing him how much you love Him. We can do this by: praying to God, singing songs, dancing, reading the Bible, learning about God, and believing in God and talking about it. There are so many ways we can worship God. Today we are going to worship through music and dancing.
- **ASK: "Would anyone like to help lead worship?"** - Encourage children to come up to the front of the worship area and lead the dances to the songs. (Select up to 4 kids to stand at the front of the worship area facing the screen.)
- **Pray over worship** - Take a moment to pray for your time together, something like this, "God we are so excited to worship You. Help us not to be distracted but to be joyful to spend time with You. Give us a heart of worship. In Jesus' name, Amen."
- **ROUTE 45:** (For worship song without dance moves) **SAY:** In the Bible, Luke 19:37b says, "The whole crowd of disciples began to praise God with joy. In loud voices they praised him for all the miracles they had seen." Let's praise God with our voices, just like your parents are doing in the main service right now. We can sing and raise our voices with joy. You can stand and sing or close your eyes and listen to the words, whatever is comfortable for you. Be respectful of those around you.
- **Play Worship videos.**
- **SAY:** "Thank you for leading our worship today! I love seeing everyone show God how much they love Him! Now, let's sit down and watch our TRUE Bible story. Make sure you're not distracting your neighbor. We can show God we love Him in this moment by learning about Him."
- **Play Bible Story video.** After watching all of the videos, start small groups.

What you say:

Last week we discussed that we are in the “Advent Season”. Does anyone remember what Advent means? Advent is a word that means “coming”. Every year, Christians all around the world celebrate advent. During advent, we take time to reflect on God’s promise to send a savior to the world and how important it is that Jesus was born. Last week we started Advent by learning about Hope. We learned that after several generations of heartache and trouble, God promised His people that a Savior would come and He would save the world. This news brought new hope to the world.

This week we are talking about peace. When the people of God were waiting for this coming savior, they did not think that this savior would come as a baby. They thought he was going to be this mighty warrior. Or perhaps a powerful king that would turn the world back to God and destroy all of the enemies of God. Instead, this savior was a little baby, born in a stable.

The people of God may not have understood how this baby Jesus was going to bring a new type of peace to the world. Jesus did not come as a warrior or a powerful king who would destroy all those who were against God. He came as someone who served others and taught about a new way to live. A way which brought peace even in chaos. A peace that comes from loving your enemies instead of hurting them and serving others instead of being selfish.

Jesus taught that in order to have true peace in life, you must trust God and obey Him. He taught that peace does not come from defeating your enemies, or getting back at someone who hurts you or treating people poorly if they are different than you. Peace comes from trusting in the Lord and following His ways. Jesus promised that if we trust in Him, He will give us peace even in the middle of our hardest times.

TRANSITION TO SMALL GROUPS

SMALL GROUP / MEMORY VERSE:

DEC

WHAT YOU DO: Split the children into different small groups either by grade or by gender

Discussion Questions

- When was a time you had hope?
- How does knowing Jesus give you hope?
- How can you share hope this week?
- Who can you share the hope of Jesus with this week?

MEMORY VERSE: ""But the angel said to them, 'Do not be afraid. I bring you good news that will cause great joy for all the people. Today in the town of David a Savior has been born to you; he is the Messiah, the Lord.'" Luke 2:10-11

WHAT YOU DO:

- **Find the verse in the Bible** - you can ask children to find the verse or you can show them how to look up the book in the table of contents and turn to that page in the Bible. Next point to the first number(chapter) and help children find the chapter in the book by looking for the large number. Last, show them the second number (verse) and help them look for the smaller numbers to find the verse.
- **Ask if anyone would like to read the verse for your small group** - If no one volunteers, you read the verse. (Never force a child to read)
- **Start the Bible Verse Activity:**
 - Show the students how to find the memory verse.
 - Read the verse together

Allow each student to talk about what this verse means.

- Encourage students to try and say the verse without looking.
- Encourage students to race each other to see who can say the verse the fastest or who can find the verse in the bible the fastest.
