Welcome Back!

TRINITY UNITED METHODIST PRESCHOOL HAS A NEW LOOK!

You may have noticed that we recently updated our preschool logo. Much thought and planning went into its creation, but what does it mean? Since 1973, we have maintained a focus on child-centered learning. While this of course includes academics and developmentally appropriate practice, the mission of the preschool has always been driven by a belief in the power of accepting each child where they are and encouraging their individual development alongside each other in our beautiful little community. We practice this each day by playing, singing, reading, creating, interacting, cheering each other on, and sometimes doing just “nothing at all” together. This is represented in our new logo, where we know that this investment in their daily joy at preschool will grow gently over time into a love of learning. <3
