Fall 2025

2 Tim. 4:5 But watch thou in all things, endure afflictions, do the work of an evangelist, make full proof of thy ministry.

Ministry: Normally we would have left N.Y. to go to a MI Airshow/ outdoor fair, but I was having serious trouble with my back. After getting good help from a local chiropractor, we were able to leave toward the end of July to go to the Ohio State Fair. From there we went to WI, KY, and MI State Fairs in August - September.

In mid September we headed to start the 6 week long AZ State Fair. We had vehicle problems in NM and spent 24 hrs. sitting while I tried to diagnose the problem. After a while our son, Caleb, loaned us his truck (3.5 hrs. from us) to get our camper and truck to Phoenix (2 trips). It's a complicated, long story, but the Lord helped us through it all. I was finally able to find and fix the problems and the truck is running well, praise the Lord! The AZ fair is slow, but we are seeing souls come to make professions of faith in Christ. One soul is worth it all!

Family: Priscilla got safely back from her two month mission trip to France and is living in AZ and getting settled into her daycare job.

My wife is planning to fly from AR to AK to be with our daughter-in-law Sarah as she goes into a very serious surgery.

Prayer: 1) Our daughter-in-law Sarah, surgery to get scheduled and a very good outcome. Skill for the surgeon.

2) Our health, both of us are having back problems.

3) The truck will continue running well.

4) I have to fix our camper roof. Pray for safety while I am on the roof and for it to be completely leak proof when I finish.
