Men's Retreat March 27, 28, 29th

Lady's Retreat April 3, 4, 5th

More to come!

Here are some interesting facts about Noah's Ark:

The ark was a massive ship that was 510 feet long, 85 feet wide, and 51 feet high. It was built using advanced shipbuilding techniques, even though modern technology wasn't available.

The Bible says the ark was made from "gopher" wood, but the exact type of wood is unknown.

The ark had enough room for all the animals and the food they would need. The global flood lasted for about a year. The ark came to rest on the "mountains of Ararat".

CHURCH SERVICES

Sunday

Prayer at 9:00am

Sunday School at 9:30 - 10:15am

*Snack & Drink Intermission

Worship at 10:30am

I will remember my covenant between me and you
and all living creatures of every kind. Genesis 9:15

Rainbows in the sky have brought an assurance of God's faithfulness since the days of Noah. In the wake of God's judgment of sin which resulted in unimaginable destruction, He set the colorful beacon as a visual reminder of "the everlasting covenant between [Himself] and all living creatures" (Genesis 9:16). After forty dark days of rain and months of flooding (7:17-24), one can only imagine how welcome the rainbow—"the sign of the covenant"—must have been to Noah and his family (9:12-13). It was a reminder of God's faithfulness that "never again will there be a flood to destroy the earth" (v. 11). When we face dark days and tragic losses—whether due to natural disaster, physical or emotional pain, or the plight of disease—let's look to God for hope in the midst of it. Even if we don't catch a glimpse of His rainbow in those moments, we can be assured of His faithfulness to His promises.

Genesis 9:13

[illegible]

In the bodily resurrection; eternal life for the believer, and eternal punishment for the unbeliever.
(John 5:28)
