# Who is the Valley Church?

The Valley Church is a young, growing church in South Norwood. We love the Gospel of Jesus, spending time with our neighbors, being intentional about discipleship, and growing with the many young families that make up our congregation.

Our church has a high emphasis on family ministry, which means The Valley Kids Ministry is a big deal to us! We have engaging Bible studies and worship in our Kids Ministry every week as well as a highly secure check-in system to best protect your little ones. Our worship ministry makes it a priority to lead our church in theologically strong songs during our Sunday morning worship. We observe the Lord's Supper together every week in addition to our in-depth Bible study during our worship services. Our worship is a casual environment, so truly come as you are.

Regardless of your age, gender, ethnicity, social background, church background (or lack-there-of) or whatever else that makes you unique, we have a church home just for you.

## What to Expect on Easter Sunday at The Valley:

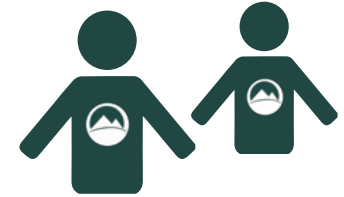

### Where should I park?

Street parking is available.

### Who will I see first?

Our volunteers will be outside ready to greet you upon arrival. All guests will receive a gift.

### What should I do inside?

Grab some coffee downstairs in our fellowship hall and enjoy friendly conversations.

Settle into the sanctuary for service.

### What if I have kids?

Head to the children's check-in and one of our trained team members will register them for our children's ministry classes. We have classes for ages 6 weeks - 6th grade.

### What is your service like?

We are very intentional about worship. We care about the theology of the songs we sing. We observe the Lord's Supper and receive an offering every week. Most of our preaching is expository (verse-by-verse through books of the Bible). You can find our livestreams on YouTube to get a good idea of what to expect.

### Any other things I should prepare for?

Come comfortable, come prepared to meet a friend, and come prepared to be moved by the Spirit. We will ask you to fill out a communication card, and that's so we can send you a thank-you note later in the week.
