# OUR PERFORMANCE

*2024 was a busy and productive year for Hardbarger Impact Ministries. Like everyone in the community, we have worked hard to counteract the affects of inflation on our efforts.*

*Bed Brigade has made huge progress on a new shop space that will help increase productivity for years to come. To date we have had the opportunity to share the Gospel and lift over 800 people in our community off the floor!*

*God's Garage has begun to start servicing more requests. We continue to have a long waitlist for this ministry and need continued funding to help fulfill these requests. For 2024 we have serviced 44 vehicles and donated 1 vehicle.*

*HIM Homes will be our newest ministry and though it has been delayed, we are looking to officially launch sometime in the near future. HIM Homes is a homeless ministry that provides shelter and life restoration to homeless individuals. Keep an eye out for more information on this ministry!*

*HIM Mobile takes HIM on the road to meet the needs in our community. Our goal with this ministry is to service the many home repair requests we receive each year and to eventually branch out into disaster relief. HIM Mobile is slowing building up capacity to fill requests.*

## **2025 GOALS**

***Bed Brigade: As with every year, our goal with this ministry is to fulfill all requests that we receive.***

***God's Garage: As we build productivity, we hope to get caught up on our waitlist and begin servicing requests as they come in. Our goal is to serve over 60 vehicles for 2025.***

***HIM Homes: This ministry is still in the beginning stages. We are collaborating with different organizations to bring this vision to reality. Different challenges have led to HIM Homes being delayed further.***

***HIM Mobile: We would like to service 7-10 families this year with a goal of servicing 20+ families next year.***
