### Activity

This week, we looked at how we figure out if something is True. We discovered that to find Truth we observe the world around us and see if what we observe matches up with God's Word. This is because God's Word is our highest authority. If we want to know the Truth, then it is important that we spend time reading God's Word. You may already spend time as a family reading God's Word. If you don't, you should start! Set aside two times this week when you will read God's Word as a family and discuss it.
