### Activity

This week, we looked at how Truth is True for everyone. With your family, list several Truths that do not change, no matter how someone feels about them.

We also learned the difference between Truths and feelings. Explain to your family the difference between something that is True and something that is a feeling. Ask your family members if they can think of a time when they thought they knew the Truth and then they read God's Word and realized what they thought was True turned out to be a feeling.
