

My name is Mrs. Van Gundy and I am excited to be the 3rd Grade teacher here at Crossroads Christian School. I believe that God has placed us here for His perfect purpose! I am honored to be a part of His plan! I look forward to getting to know each student placed in my class.

In 3rd Grade, students will continue to grow in all the wonderful lessons they have already learned. As I get to know them, I will help them overcome the challenges that come with making the transition to 3rd Grade. I strive to explain things in different ways to help my students understand the subjects with a perspective that may be new to them. Third grade students begin the journey to being an independent student and taking more responsibility for their education. They will watch the world open up through our subjects of Bible, Language, Reading and Writing, Mathematics, Science, History, Penmanship, P.E. and, field trips to the Monterey Bay Aquarium, hiking at Uvas Canyon County Park, and Martinelli's family owned business in Watsonville.

Being a Crossroads Christian School student is a blessing and a great foundation to the rest of an academic life.

Sincerely,

Mrs. Van Gundy
