Brothers and sister in Christ,

Last Monday was a historic day for the home as we held the opening ceremony of the school year for our own Academy of Music and Fine Arts and introduced the teachers. Currently ten young people from the home will begin professional training in music with high quality teachers on site at the home. This has been a very difficult road but with God's help we were able to achieve this great educational opportunity for the young people of Amazing Grace Children's

Home. Upon finishing their studies the young people will receive a certification recognized by the government of the State of Mexico. We ask you to pray for the ten young people who are starting classes and for us to be able to cover the monthly expenses that each young person will have throughout their preparation.

I would also like to mention that we are continuing with the second baking specialization course for the comprehensive training of our youth. With the production of bread we can cover the daily need for bread for all of our children here at Amazing Grace Children's Home.

I also want to mention that we had a visit from our government authorities and thank God they congratulated us for the work that is done with each child and young person in the home. Please, I ask for your prayers for each child and young person in our ministry.

I am also very happy to tell you that Reyna has taken the entrance exams to be able to enter a specialized training in education by the Mexican government and, by the mercy of God, she has passed all her exams! She will now have the opportunity to prepare herself to become a certified teacher, with the hopes that upon completing the preparation she will be able to join the rank of our certified teachers, as required by the government. I ask for your prayers as she pursues the degree and certification.

As you can see, the work has been a lot and it has not been easy, but we thank God for you and for all the brothers who have unconditionally supported this beautiful ministry. God bless you greatly.

Omar Rivas, Director
