Shape of the Month

Color of the Month: **Brown**

Cooking at Home

A great way to reinforce counting, measuring, sequencing, patience and much more is to **BAKE!**

Attached is an apple muffin recipe you can make at home.

When you're done making the muffins, ask your child if they remember some of the ingredients that they used.

Classroom News

A great way to find out what your kids are doing at preschool ask them, "What songs did you sing today? What book did your teachers read? Was there water in the blue sensory table? What did your teachers have for snack? Who was the leader today?" This will help get the conversations flowing.

Please continue to use the restroom before entering the classroom in the morning. This will help our morning circle time run smoothly. Thank you!

Fun Things To Do

Look for the color brown.

Trace your hands to make turkeys. Color the tail feathers.

Sort toys by size.

Hide a toy in the house and then give your child clues to find it.

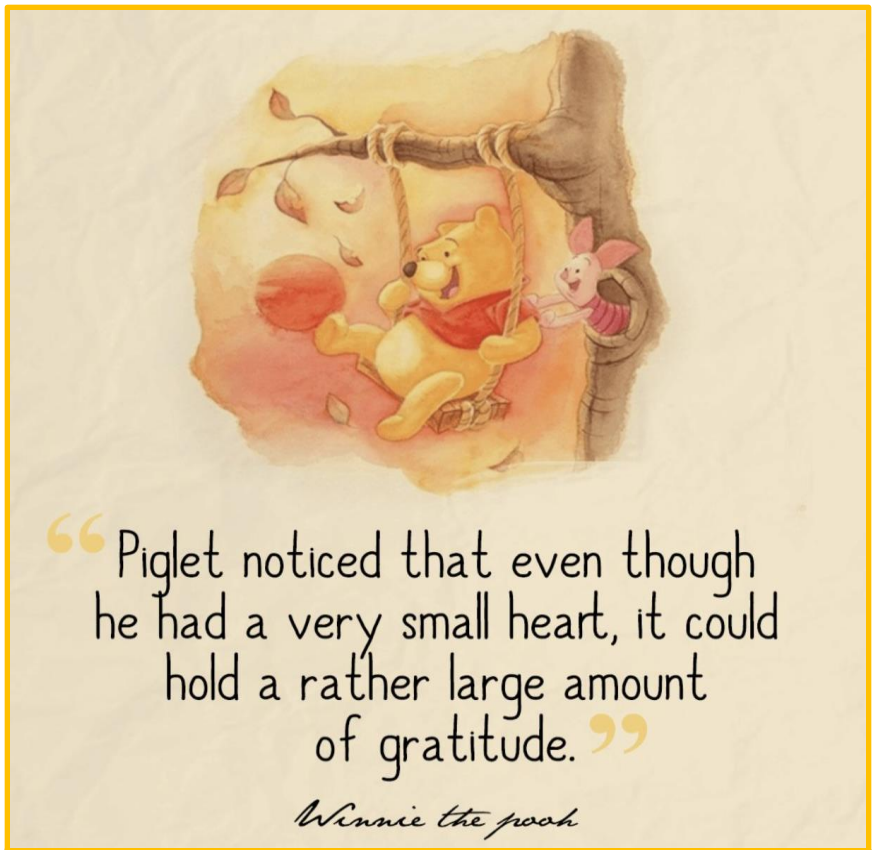

How many words can you think of that rhyme with "dog"?
