Discussion Questions

1. What “slogans” or assumptions, cultural or Christian, most shape the way you think about freedom, the body, or sexuality? How do they compare with Paul’s teaching in this passage?
2. Paul roots sexual purity in union with Christ. How does understanding your union with Christ change the way you view temptation and obedience?
3. Why do you think Paul says sexual sin is uniquely destructive? How does this challenge the way our culture minimizes sexual immorality?
4. What does it practically look like to “glorify God in your body in your thoughts, habits, relationships, or use of freedom?”
