CONTACT THE CHURCH OFFICE FOR QUESTIONS

ANNOUNCEMENTS

- It's almost time for the 10th Pastoral Anniversary Celebration and we hope that you are as excited as we are! For attendees of the Saturday banquet, doors will open at 1:15 P.M. and the event will begin promptly at 2:00 P.M. The colors for the weekend are black, white, and gold, but you can wear whatever colors you'd like. For those who aren't attending Saturday's banquet, we hope that you will still join us on Sunday, October 19th for morning worship. See page 3 to read more about our guest preacher, Dr. Sammie Logan, III. Contact the Church Office for questions.
- Looking for an Exciting Christian Opportunity? The SMBC Archives Ministry is expanding its membership with a renewed interest in technology. If you feel called to serve and want to be part of this dynamic Ministry, we'd love to hear from you! Please contact the Church Office for more information.
- The opportunity is still open for you to make your financial assessment for Women's Day. Our goal of \$25,000 will go towards our continued capital improvement efforts.

ANNOUNCEMENTS CONTINUED ON NEXT PAGE

ANNOUNCEMENTS (cont'd)

- Interested in a low-cost computer and a class at SMBC? Tech Goes Home (TGH) is a digital inclusion program of The Enterprise Center, for residents of Hamilton County. The program requires 15 hours of class in basic computer skills and a \$50 fee. At the end of the training, you will keep the laptop. If you are interested in participating in a TGH class at SMBC, please call the office. The tentative start date is November 1. The class is limited to 15 participants. To sign up, contact the church office or check out <https://www.techgoeshomecha.org>.

THANK YOU

Pastor Reid, Office Staff, and our entire SMBC Family: Thank you for your presence, prayers, and support during the 80th Annual Women's Day Celebration! As Dr. McSwine-Harris's memorable message stated, let us all remember to, *"Take it Out the Ground"* (Matthew 25:14-30). We praise and glorify God for the opportunity to serve!

Women's Day Core Committee (Sis. Natasha Character, Sis. Beverly Rowe, and Sis. Lynette Bradley)

SECOND MISSIONARY BAPTIST CHURCH | Dr. Ernest L. Reid Jr., Pastor

2305 E 3rd St, Chattanooga, TN (423) 624-9097 www.2ndmbchurch.org @2ndMBChurch Second Missionary Baptist Church

Rev. Dr. Sammie L. Logan, III, is a native of Norfolk, Virginia. As the grandson of a powerful Pentecostal preacher, Sammie would spend many days in a Catholic School but many nights in a Pentecostal church. It was these regular complementary experiences that ultimately led him to seek to know God in a personal way at a very young age.

It was during his junior year in college that Sammie began to embrace a call to ministry. After graduating from Morehouse College, Sam earned a Master's Degree in Education from The College of William & Mary followed by a Master's Degree in Divinity from the Samuel D. Proctor School of Theology at Virginia Union University, and a Doctor of Ministry degree from Wesley Theological Seminary.

After working for more than a decade in public education, Rev. Sammie L. Logan, III, was called to serve as the 8th elected pastor of the New Hope Baptist Church in Chesapeake, VA on August 1, 2009. Just as God was at work in Pastor Logan's life when he was a child, God is still at work today. An accomplished teacher, school counselor, and workshop facilitator, Pastor Logan enjoys helping people see the richness of serving God with both mind and heart. While Pastor Logan is humbled and excited about all that God is doing in his life, little on earth gives him more joy than spending time with his wife, Tonya, and their four beautiful children - Malai Amore, Cole Alexander, Madisyn Helene, and Macyn Michelle.

SECOND MISSIONARY BAPTIST CHURCH • Monthly Health Topic • October BREAST CANCER

Breast cancer is a type of cancer that starts in the breast. Breast cancer cells usually form a tumor that can often be seen on an x-ray or felt as a lump.

It's important to understand that most breast lumps are benign (non-cancerous). Non-cancerous breast tumors are abnormal growths, but they do not spread outside of the breast, like a malignant (cancerous) tumor can. Any breast lump or change needs to be checked by a health care provider to determine if it is benign or malignant.

QUICK FACTS

- + Breast cancer is the **most common cancer** diagnosed among women in the United States.
- + Breast cancer occurs almost entirely in women, but men can get breast cancer too.
- + **Regular screening** is the best way to find breast cancer.
- + **Talk with your health care provider about your options!**

RISK FACTORS FOR BREAST CANCER

Some risk factors for breast cancer include:

- **Age.** Most breast cancers are found in women age 55 and older.
- **Family history.** Having a first-degree relative (mother, sister, daughter) with breast cancer.
- **Gender.** Being a female increases risk.
- **Race and ethnicity.** White women are slightly more likely to develop breast cancer than African-American women, although the gap has been closing.

BREAST CANCER TREATMENT

Treatment can include surgery, chemo, radiation, hormone therapy, immunotherapy, and targeted drug therapy.

SCREENING AND EARLY DETECTION

Women have the option to be screened from the ages of 40-44 and should get mammograms every year from the ages of 45-54.

Women 55 and older can switch to a mammogram every other year, or they can choose to continue yearly mammograms.

Women at a high risk for breast cancer can start getting screened as early as age 30.
