## DISCUSSION QUESTIONS

#1:

Is a miracle something extra special in the Kingdom of God? Isn't God always working in a supernatural spiritual way amongst us and even in us? Are miracles perhaps special interventions of God beyond or above His normal level of spiritual activity?

#2:

Would you like to experience a miracle? Are you really ready to be in a position where only a miracle will save you?

#3:

How supernatural do you perceive your life in Christ? Isn't a life enabled by the Spirit of God—a spiritual and eternal quality of life—something above the average life of humanity?
