HELPFUL HINTS!

- Label ALL Luggage!
- Using duct tape and a permanent marker is one great way to help your camper make sure their luggage arrives where it is supposed to be and makes it home.
- Label luggage with:
 - Name (First and Last is best)
 - Church Name
 - Not Too Heavy!
- Make sure you camper is physically able to carry all their luggage by himself/herself!
- Prep for All Weather!
- Sometimes its snowy, rainy, sunny, really cold, kinda warm, etc. Most of the time is much colder than your camper is used to (we are above a mile-high!), although the temperature has been known to vary greatly. It is advised that campers have their jackets with them ON the bus so they can put it on immediately when they arrive at camp.
- Avoid Heartbreak!
- Hey, kids are kids. Which is GREAT! But sometimes, being a kid means you occasionally LOSE things. Do NOT bring anything that is invaluable or irreplaceable. Forest Home is not responsible for lost, damaged, or stolen items.
