

SPIRITUAL OLYMPIANS

KIDS REACHING KIDS — 2024 — MISSIONS OFFERING PROJECT

Your 2024 KRK offering supports the development of Spiritual Olympians. When you join us in giving to this year's global offering, Kids Reaching Kids will provide crucial discipleship resourcing to other children so that they can become Spiritual Olympians. Through these resources, children will learn about God's prevenient, saving, and sanctifying grace.

Don't miss the 2024 VBS: River Rafting Adventure!

As the summer Olympics include many water activities, our 2024 VBS includes a water theme: River Rafting Adventure. We will travel down the river and through the book of Acts, experiencing God's love alongside the earliest Christians. Each stop on the adventure will draw us closer to God and his love. Children will learn that God fills us with his love, God transforms us with his love, God saves us with his love, and God wants us to share his love. Children will travel down the river with Bobby (a scientist) and Sammy (a river guide). Bobby and Sammy plan to visit people who live along the river. These people work hard, but their crops are not growing. The people's fields, tables, and stomachs are empty. Happily, a creator has made a miracle seed that grows 100 times faster than regular seeds, and the fruit is 100 times more nutritious and tastier than regular fruit. Bobby and Sammy will share the miracle seeds at every stop on their journey!
