Night and day, while he's asleep or awake, the seed sprouts and grows, but he does not understand how it happens. The earth produces the crops on its own. First a leaf blade pushes through, then the heads of wheat are formed, and finally the grain ripens. And as soon as the grain is ready, the farmer comes and harvests it with a sickle, for the harvest time has come.' "

Romans 5:6 "When we were utterly helpless, Christ came at just the right time and died for us sinners."
