Scholarship Information

We understand that it may be difficult to pay the full \$350 for a student to attend camp, especially if you have more than one student that would like to participate. Thanks to the generosity of some of our church members and other supporters, we are able to assist a certain number of families each year with the costs associated with camp.

In order to take advantage of this option, there is a significant time requirement from your student, which will help ensure that they do all they can to contribute to the opportunity to attend the camp with very little out of pocket costs.

Requirements:

- The student and parents will ensure they stay in communication with the Youth/Children's pastors regarding their status in the Scholarship Program.
- **Students will attend Sunday and Wednesday services as often as possible.** If there is a circumstance preventing this attendance, they will notify the appropriate ministry leader as soon as possible.
- **Students will participate in no less than 5 planned fundraisers or service projects to remain in the Scholarship Program.** These dates will be shared in the scheduled services, by social media, and possibly directly via text or email. Students will be responsible for knowing these dates.
- **An non-refundable \$50 deposit must be made by February 1 to participate.** The Scholarship Program is to provide only the \$300 cost remaining for camp, and will not include additional money for the week of camp, although all meals will be provided.
- **Applicants will be asked to complete a short questionnaire about why they want to attend camp, and to ensure that parents and students understand the requirements.** There are limited spots so please ensure you sign and request the full application promptly.
