YOUR INCREDIBLE GENEROSITY

Thanks so very much for all your prayers for my trip back to WV. God graciously answered and granted me safety there and back. In addition to picking up a few boxes of personal photos, I was able to load my car up with your generous gifts for the Blessing.

I was amazed by the amount and variety of gifts that were donated. The list includes sunscreen, toiletry items, beach items including a bag, towels, umbrella, and chairs, a Psalms Crossword book with colored pencils, a kite, a frisbee, and two Yeti's. There were also some generous monetary gifts. I was truly overwhelmed by your generosity. THANK YOU!

UPCOMING MINISTRY OPPORTUNITY

God has opened the doors to a unique ministry opportunity in August. Several years ago, I was introduced to *The Chosen*. Initially, I was involved in translation of subtitles into French. Then, my cousin and I took part as extras in the Feeding of the Five Thousand. I am excited to share that I will once again be a background extra!

They are currently in the middle of filming Season 6 in Texas. This season covers the events leading up to and including the Crucifixion. Each day, there will be about 600 volunteer extras. I will be part of the scenes filmed on August 5th and 6th.

Please pray for safety as I drive to and from Texas. I plan to leave August 2nd and return to Florida on the 9th. I would also appreciate prayers for energy and health for the days that I shoot scenes. Texas is quite hot in the summer and filming days can be 12 hours long. Pray that I will be a light to all the cast, crew, and fellow extras. Many of them do not have a personal relationship with Jesus.

TRANSITION ISSUES

Please continue to pray as I adjust to new things. I am searching for community, learning the ins and outs of this area, and trying to launch a brand new ministry. It's exciting but at times stressful. I am so grateful for your partnership which not only makes the Blessing possible, but allows me the privilege of ministering to those sharing Jesus with the world.
