Biblical Ministries Worldwide Church Plant Catalysts in Utah

July 2025

Continue to Pray:

- Pray for our adoption to finalize soon. Our countries immigration system has slowed this process.
- Pray for us as we make plans to build a church building on our newly acquired property.
- Pray for one of our missionaries that just started Chemo.
- Pray for our family as we continue to lead and serve the Utah field. We oversee 25+ missionaries, planting 10 churches, a Christian Radio Station, and a trades school for training bi-vocational ministry leaders.

Thank you for continuing to partner with us to reach Utah for the Lord. These past couple of months have been full of opportunity and encouragement.

Just this past week, we hosted an outreach booth at our local city festival. Since Stacy and I first moved to Utah in 2005, we've always had a presence at this event with the goal of sharing Christ with our community. Every year, we hand out bottled water, make balloon animals for kids, and have meaningful gospel conversations with people who are seeking truth.

One conversation this year especially stood out. A middle-aged woman named Heidi approached us and shared that she had seen our booth for years but had always been afraid to talk to us because of her background in Mormonism. This year, she finally found the courage to step forward. It made me wonder how many others like Heidi are out there. Interestingly, we had almost decided not to set up our booth this year, but at the last minute we went ahead. I can't help but think about the opportunity we would have missed. Please pray for Heidi as we expect to see her at our church this Sunday.

In addition to the festival, we hosted a community car show as another outreach event. It was a great success, and we've already had visitors attend our Sunday services because of it.

In June, we also held our Vacation Bible School at a local park since our church facility is too small to host it indoors. We had 150 kids participate, and with the help of over 60 volunteers, it was an incredible week. Several children from the community came, and we're excited to continue building relationships with their families through the gospel.

That same month, we held our annual mission camp. We had 35 to 40 participants representing four churches from North Carolina, Texas, Colorado,

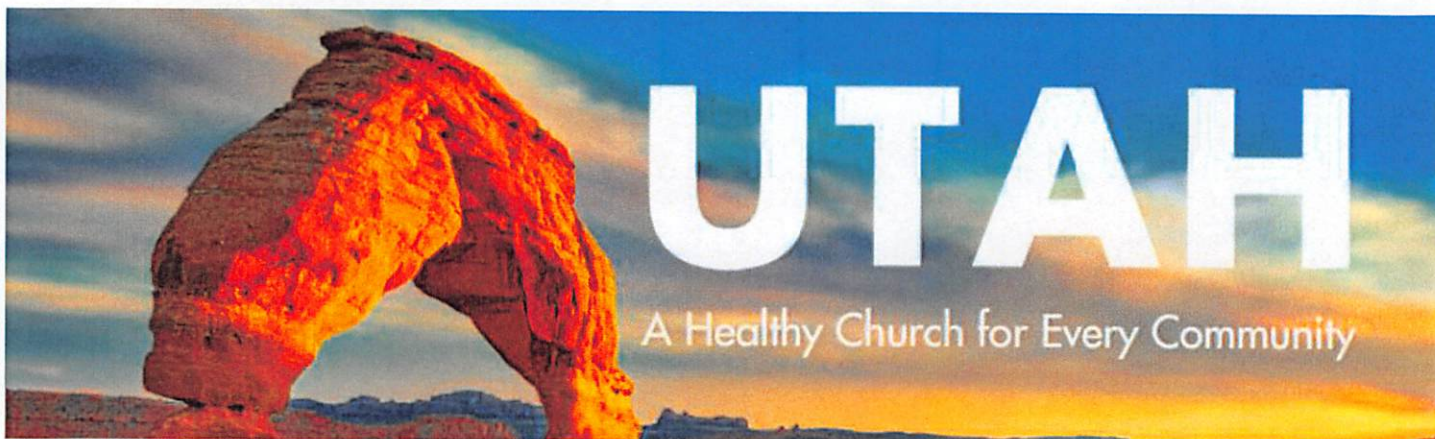

Kids craft time at VBS

and Idaho. Together, they learned how to better engage Mormons with the gospel, canvassed two communities in preparation for a future church plant, helped serve local churches, volunteered at a Christian radio station, invited people door to door, and even interacted with Mormon Missionaries and BYU professors. It was a powerful week of ministry, and we're grateful for how this team helped advance the gospel in Utah.

We also recently said goodbye to several dear friends from Africa who had been with us over the past 12 to 36 months. In 2022, Harriet, a young woman pursuing her master's in social work, moved into our home as part of her calling to serve a ministry that rescues children from human trafficking. In addition, we helped care for a young girl from Africa who came to the U.S. for life-saving surgery. She was accompanied by two caregivers, and all three lived with a host family from our church for the past year. All of them recently returned home, and we're thankful for the time we had with them.

African friends preparing to return

This month, we welcomed two new missionaries from North Carolina, Emily and Catherine, who are now serving at one of our northern church plants. Though their arrival was delayed from March to June, we're thrilled they're finally here. Both are Bible college graduates with over a decade of full-time ministry experience, and we're grateful to have them join the mission in Utah.

We're also in ongoing conversations with a young man named Keegan from Pennsylvania who is prayerfully considering moving to Utah to join our team. There are still a few details to work through, and we're asking the Lord for clear guidance for his good and ours. If he comes, Keegan would help lead the Advance Utah initiative and serve in teaching and discipleship roles at our Lehi church plant.

There is so much more we could share. For example, on July 23 to 25, I will be in Atlanta training dozens of international church planters as part of a global missions effort. These months have been filled with both local and international ministry, and we're thankful for the many ways God is at work.

Thanks to the generosity of a friend, Stacy and I are also planning a short getaway with our kids to southern Utah at the end of July. After a few intense months of ministry, we're looking forward to a few days of rest and refreshment. Please keep praying for our adoption process to be completed. We are hoping this month is the month!

Thank you for your prayers, encouragement, and support. Utah is estimated at less than 2.5% Christian. We need your help to keep moving forward. **We long to see a healthy church in every Utah town**, and the Lord is doing great work through your partnership and prayers!

With gratitude and hope,

Nathaniel Wall
Nathaniel & Stacy Wall

Thank you for your faithfulness to the Lord and the call to live on mission.
