

Dear Marsh Lane Baptist Church

This has to be one of our most exciting updates yet. God has blessed us incredibly with new relationships, events & prayers answered. We would like to introduce what God is doing in Ulm Germany.

OUTDOOR EVENT IN JUNE:

We had a successful outdoor event at the end of June, with fun games, snacks & fellowship. We had 18 people there, with many who have no connection to Christianity. Having invited our neighbors previously without results, we were excited when two of them came & even brought their guitar. We saw many new faces & held our bible study the following day.

RELATIONSHIPS & ANSWERED PRAYERS:

While attending an event for internationals in Ulm, we were able to make great new connections. One of them is **Daniel**, who grew up with a Christian background. He invited me to be part of his urban sketching community, which would be a phenomenal way to start conversations in the city to share the gospel.

I met **Lily** two years ago at the international school, but hadn't seen her since. In the winter I saw her walking in the park from a distance & prayed: God, next time I see her, please let me not miss the opportunity to introduce Katie and I. God answered this prayer and by divine appointment we met Lily whilst walking home from an appointment. Since then Lily has connected many times with Katie. She and her family are showing interest in attending our bible study.

We also would like to introduce you to the newest member of our family: **Our daughter, Eliana Maria Notz**. She arrived on July 15, and has changed our lives completely. Her name means my God has answered, which serves as a great reminder when going through those sleepless nights :D!

We are seeing God opening doors. People have expressed their desire for a new church & we are witnessing how God is orchestrating this Church Plant.

PRAY WITH US:

That hearts from the gathering would be open to the Gospel
Future outreach event possibly in September
To start weekly bible studies

Thanks so much for your prayers and support!

Justin & Katie Notz
