Meet first lady Eleanor Roosevelt, presented by Chautauqua speaker Susan Marie Frontczak! Throughout a public life that spanned many decades Eleanor Roosevelt was never elected to office. She held no positions of power. And yet, she wielded the power of words again and again to effect social change. This program will draw an arc across words that influenced her, words that rallied the country in the past, and words that can inspire us all today. Come enjoy this entertaining portrayal as we prepare for America’s 250<sup>th</sup> Birthday!
