

Dear Thomasville Baptist Church,

On behalf of Alpha Women's Resource Center I'd like to thank you for the donation of chairs for our client meeting room. This will make our pregnant clients so much more comfortable as they learn to be great moms.

We appreciate your generosity.

In His Service,

Cynthia Fletcher

Dear TBC Family,

Thank you for my Bible. For the past few years, I have used my sister's old Bible. Now I have my own with my name on it. I feel so special! Thank you for helping me learn more about God

Love,

Meg Davis

"And we know that in all things God works for the good of those who love him, who have been called according to His purpose." Romans 8:28

From the Pastor's Desk

"If people would have been asked in 1968 which nation would dominate the world in watch making during the 1990s and into the twenty-first century the answer would have been uniform: Switzerland. Why? Because Switzerland had dominated the world of watch making for the previous sixty years. By 1968, the Swiss made 65 percent of all watches sold in the world and laid claim to as much as 90 percent of the profits. By 1980, however, they had laid off thousands of watch-makers and controlled less than 10 percent of the world market. Their profit domination dropped to less than 20 percent. Between 1979 and 1981, fifty thousand of the sixty-two thousand Swiss watchmakers lost their jobs. Why? The Swiss had refused to consider a new development, the Quartz movement ironically, invented by a Swiss. Because it had no main-spring or knob, it was rejected. It was too much of a paradigm shift for them to embrace. Seiko, on the other hand, accepted it and, along with a few other companies, became the leader in the watch industry. The lesson of the Swiss watchmakers is profound. A past that was so secure, so profitable, so dominant was destroyed by an unwillingness to consider the future. It was more than not being able to make predictions, it was an inability to re-think how they did business. Past success had blinded them to the importance of seeing the implications of the changing world and to admit that past accomplishment was no guarantee of future success." James Enery White, Rethinking The Church, Baker Books, 1998, p. 20. I want to thank you for following the leadership at TBC

as we have had to "rethink" how we do Sundays in order to accommodate the number of people for worship and as we consider the future. Some of you have had to change your schedule. Some of you have had to spend more time at the church on Sunday mornings. People like the sound technicians, the ushers, the choir, the musicians, and others, have sacrificed more of their time. We are going to continue to tweak our two morning worship services in order to lead the most people to the throne of God in worship. My prayer is that we fill up both of our services!

God Bless,
Bro. Ty

"Instead, speaking the truth in love, we will grow to become in every respect the mature body of him who is the head, that is, Christ. From him the whole body, joined and held together by every supporting ligament, grows and builds itself up in love, as each part does its work."

Ephesians 4:15-16
